

## WANTS COUNTY ROAD CHANGED

ROUTE RUNNING THROUGH THE TOWN OF SHARON SHOULD BE RE-LOCATED, W. E. FISHER CONTENDS

## NOT THE BEST FOR PUBLIC

PROPOSES ROAD RUNNING WEST OF PLOVER RIVER IN ITS PLACE

A county highway route designated by the county board of supervisors as the road running north from Ellis through the town of Sharon to the Marathon county line should be re-located to follow the road which runs from Jordan along the west bank of the Plover river to Shantytown, in the opinion of W. E. Fisher, who delivered an address on that question at the Chamber of Commerce meeting on Wednesday evening.

Every effort should be made to bring this change about, Mr. Fisher declared, if the best interests of Portage county and Stevens Point are considered. The speaker charged that the road through Sharon was given unnecessary recognition only because the chairman of the town of Sharon wanted it there, that people are taking no interest in it and that it runs through a hilly country which proves a natural barrier.

## Importance of Change

Mr. Fisher termed the question he raised one of vital interest to the people of the county and city. The change would affect particularly residents of the eastern part of Dewey and the western part of Sharon, he said, extending benefits to farmers as far north as Beavert. Mr. Fisher referred to highway projects in Marathon county which have been built at the interests of the most people, among them a road to Shantytown, and said that unless Portage county follows a program similar to this, people in the north and eastern parts of Portage county will get in the habit of going to Wausau instead of coming to Stevens Point. Farther east of the road from Jordan along the Plover, the hilly country forms a natural barrier the same as it does to the north through Sharon, it was explained, the road along the Plover being the best for all purposes.

Want Board to Act

Mr. Fisher said that the six Stevens Point supervisors on the county board would be instructed to change the present routing on the Sharon road and that public opinion ought to be roused on the subject. The people of Dewey are ready for the change, he said, while those in Hull have shown public spirit which is commendable and Sharon ought to be willing to take the change.

As a second proposal, the speaker suggested that an attempt be made to have the road running west from this city to Rudolph placed on the county system of highways. As the third object, he called attention to the Pleasant Valley route, now on the county system, endorsing the action which gave recognition to this route.

Explains Road System

In his opening remarks Mr. Fisher called attention to the big change in highway construction and supervision during the past 14 years, explaining both state and federal aid and showing that the county is now the fit for the larger roads. He called attention particularly to a state law which gives county boards authority to establish a network of county highways and then explained the change proposed for Portage county.

At a special meeting of the stockholders of the Consolidated Water Power & Paper company, held at their office Thursday, in Wisconsin Rapids, resolutions were passed authorizing the directors to borrow \$2,500,000 upon an issue of First Mortgage bonds, covering their timber holdings and four plants at Stevens Point, Wisconsin Rapids, Wausau, and Appleton.

During Mr. Weber's absence from the city C. W. Engelsburger will have charge of Weber's orchestra while Jacobs will direct Weber's band.

WEWER GOES WEST

Engage in Business in Utah During Summer Months

Bernard Weber left Monday morning for Salt Lake City, Utah, where he plans to spend the summer in business with a brother, Fred Weber, the two erecting a plant for the manufacturers of Chin E Kee, a soft drink.

During Mr. Weber's absence from the city C. W. Engelsburger will have charge of Weber's orchestra while Jacobs will direct Weber's band.

MEETING NOT HELD

A meeting of local grocers, called Monday evening to decide on the early closing plan, was not held. The grocers, however, will meet with the next few days to take definite action.

## SIX ARE SENTENCED

## WOOD COUNTY PRISONERS ARRAIGNED BEFORE JUDGE PARK HERE

Seven Wood county prisoners were arraigned before Circuit Judge Byron B. Park in Stevens Point Monday afternoon. Six of them entered pleas of guilty and were sentenced, while one changed his mind and pleaded not guilty.

Peter Golob, charged with manufacturing and dealing in intoxicating liquor; Augusta Vogel, charged with possessing and dealing in intoxicating liquor; Peter Zembala, charged with manufacturing and selling intoxicating liquor, and Stanley Doniec, charged with manufacturing and selling intoxicating liquor, were each sentenced to 30 days in the Wood county jail and to a fine of \$100 and costs. Failing to pay the fine and costs, they will be required to serve 60 additional days in jail.

Dan Gropp, charged with possessing, selling and giving away intoxicating liquor drew 60 days and costs of \$34.27.

Arthur Sparks, charged with the theft of a bicycle worth \$25, got one year in the Green Bay reformatory.

Frank Brudnicki, charged with manufacturing and selling intoxicating liquor, pleaded not guilty.

District Attorney F. W. Calkins and Undersheriff Cliff Bluest accompanied the prisoners to Stevens Point.

## DIETZ IS HOPEFUL OF FULL PARDON

## EVEN IF GUILTY, GOVERNOR IS TOLD, HE HAS SERVED LONG ENOUGH

Madison, May 2.—John F. Dietz, known to newspaper readers as the "defender of Cameron dam," formally requested his freedom today by pardon from Governor John J. Blaine unless if given a full pardon.

Regret Her Departure

Those in charge at River Pines regret deeply Miss McGovern's leaving at this time. Patients at the institution became much attached to her and she proved herself entirely capable in all respects. She has given a number of talks to them and also appeared before a Stevens Point audience two weeks ago, delivering an address at a meeting of the League of Women Voters. She brought back with her many souvenirs of the work of the Albanians, including embroidered, braided and woven garments, which were shown at the local meeting. Miss McGovern also exhibited the native costumes of the people by dolls which were dressed to represent men and women.

It is not known how long Miss McGovern will be expected to remain in Siberia.

The application for pardon alleges Dietz' innocence of the crime charged and holds that, even though the governor believed him guilty, the serving of ten years in prison has been sufficient punishment in view of his excellent record as a prisoner.

The case attracted wide publicity at the time of the shooting and at the trial. Since then numerous petitions of great size have been forwarded to the Wisconsin governors seeking Dietz' pardon. Recently a petition, circulated among the members of the legislature, contained 35 signatures out of a possible 133.

Explains Road System

In his opening remarks Mr. Fisher called attention to the big change in highway construction and supervision during the past 14 years, explaining both state and federal aid and showing that the county is now the fit for the larger roads. He called attention particularly to a state law which gives county boards authority to establish a network of county highways and then explained the change proposed for Portage county.

LOAN OF \$2,500,000

UPON CONSOLIDATED

At a special meeting of the stockholders of the Consolidated Water Power & Paper company, held at their office Thursday, in Wisconsin Rapids, resolutions were passed authorizing the directors to borrow \$2,500,000 upon an issue of First Mortgage bonds, covering their timber holdings and four plants at Stevens Point, Wisconsin Rapids, Wausau, and Appleton.

The bonds will carry 7½ per cent interest and have been sold to a large Chicago and Milwaukee syndicate of bankers.

MEETING NOT HELD

A meeting of local grocers, called Monday evening to decide on the early closing plan, was not held. The grocers, however, will meet with the next few days to take definite action.

## MISS M'GOVERN GOES TO SERBIA

## SUPERINTENDENT OF NURSES AT RIVER PINES GETS RED CROSS CALL AND LEAVES MONDAY

## TO SAIL FROM NEW YORK

## PARTY OF SIX NURSES WILL DO CHILD WELFARE WORK IN DISTANT LAND

Miss Ella McGovern, superintendent of nurses at River Pines sanatorium, for the past two months, left Stevens Point on Monday preparatory to sailing from New York later in the month with Siberia as her final destination. In that country she will be engaged in child welfare work under Red Cross auspices.

Miss McGovern has been subject to call for Red Cross service since coming to River Pines, but did not receive notice to report for duty until recently. She will be a member of a party of six nurses. It was planned to have them sail on May 15 but a postponement of a week was announced just before she left. She will visit in Wisconsin and in Chicago for the next 10 days before leaving for the east.

Overseas During War

Miss McGovern spent two and one-half years in Red Cross service during and following the war, returning to America last November when she was called home by the illness and death of a sister in Milwaukee. While overseas she served in the Red Cross with the American army of occupation in Germany for a time, and her duties also took her to Albania, Italy, Turkey and Russia. In Albania, where she was stationed just before coming home, hospitals and clinics were established for the natives and much accomplished. The people displayed a keen appreciation of what had been done for them. While in Europe her headquarters for a time were in Paris.

Regret Her Departure

Those in charge at River Pines regret deeply Miss McGovern's leaving at this time. Patients at the institution became much attached to her and she proved herself entirely capable in all respects. She has given a number of talks to them and also appeared before a Stevens Point audience two weeks ago, delivering an address at a meeting of the League of Women Voters. She brought back with her many souvenirs of the work of the Albanians, including embroidered, braided and woven garments, which were shown at the local meeting. ## Waiting at the Church

## TWENTY-FIVE MILLION IN FARMS OF COUNTY

## THAT IS THE VALUE PLACED ON LAND AND BUILDINGS BY FEDERAL CENSUS

There were 2,226 farms in Portage county on January 1, 1920, the value of which, including only land and buildings, was \$26,040,000, according to preliminary figures announced by the bureau of census.

FIFTY CONTRACTS TO SHARE IN THE BENEFITS AND NO ONE WILL HAVE MORE THAN EIGHT MILES DURING 1921

Madison, May 1.—The Wisconsin Highway commission has prepared a brief statement of its concrete highway construction work in hand, which includes hold-over contracts and the new contracts already let for this year, and the projects which are to be carried out, but for which contracts have not yet been let.

Including the hold-over jobs and the new contracts let, there will be 210 miles of concrete surfacing done in Wisconsin this year. Of this work 123 miles is under state aid and the balance under federal aid. In addition to this there are 46 miles under state aid and 22 miles under federal aid for which the contracts have not been let.

The work to be done this year will be well distributed over the state.

of the 275 miles that it is the

purpose of the commission to complete

in the state this year, no county will

have more than 8 miles. The 275 miles will be divided between 50 counties.

WANT 250 MEMBERS

E. W. Lipke, dictator of the local lodge, stated that there were now forty members all of whom are working enthusiastically for the membership drive which is just being started and will seek a total membership of 250 before fall.

The class to be initiated Sunday will bring the total

membership up to 55 and it is expected

that large classes will be initiated shortly.

Plans for the future of the

lodge are being made and although

nothing is definitely decided it is said

that the lodge will plan on a new club

house when the membership is built up.

POINT HAS BIG LODGE

Stevens Point has a lodge of 200 enthusiastic members which has

broken ground for a \$50,000 club

house. They have an excellent drill

team and are fast becoming one of

the strongest fraternal orders in the

neighboring city. The Point delega-

tion will bring a large number of its

members as well as the band here

Sunday. Local officers have been to

Stevens Point where they were as-

ured of assistance in the booster

campaign for members in Wisconsin

Rapids.

## TO BUILD 275 MILES OF CONCRETE ROADS IN STATE THIS YEAR

## MEMBERS OF LODGE TO PUP ON DRILL AND ENTHUSIASTIC WORK IN DOWN RIVER CITY

(Wisconsin Rapids Tribune)

Fifteen candidates will be initiated

into the local lodge of Loyal Order

of Moose at the booster meeting and

initiation which will be held in the

new armory in this city next Sunday

afternoon. The Stevens Point drill

team will exemplify the work and

the Point lodge will conduct the initia-

tion ceremonies here Sunday. The

services will start at 2:30 o'clock.

# 36 ALIENS PASS CITIZENSHIP TEST

## SOCIETY AND WOMEN'S NEWS

BIG CLASS OF CANDIDATES IS ADMITTED FOLLOWING EXAMINATION IN CIRCUIT COURT

### ELEVEN CASES CONTINUED

COURT SHOWS LACK OF SYMPATHY FOR BODGERS OF THE DRAFT

Thirty-six aliens, most of them former subjects of Germany and Austria-Hungary, were admitted to citizenship at a hearing held in circuit court for Portage county this morning. The applications of 12 others were continued.

The hearing was conducted by F. W. Manthey, federal naturalization examiner. Many of the applicants had passed a preliminary examination before Examiner George N. Danielson, and as a result action on the applications was speeded up.

#### Appeal Given Chance

The petition of one applicant, a single man, 32 years of age, was dismissed at the morning session. "Did you claim exemption from military service on the grounds that you were an alien?" asked Examiner Manthey. "Yes," was the reply. "The petition is dismissed," interrupted Judge B. B. Park, presiding. "A man who wouldn't fight for this country is not entitled to citizenship."

This afternoon this petitioner appeared in court again and asked that his case be reopened. He said that in making out his questionnaire he did not intend to claim exemption, but that he had filled out his papers as instructed. He also said that he subsequently enlisted in the local state guard organization. In view of his statements, Judge Park consented to the reopening of his case, hearing on which was set for next December.

#### These are Admitted

The following were admitted to citizenship: John Walczak, Adam Blinder, Christian Polly, John Jakubowski, Joseph Laska, Anton John Martin, Stanislaus Cyra, Fred Boness, John Susti, Stanley Wozniak, Paul Fred Kosholiek, Martin Lesavich, Frank Hintz, Anton Słowniak, Jan Skiba, Albert Luebeck, Emil Luebeck, Frank Shirek, Thomas Erickson, Martin Nitka, Herman Albert Krueger, Josef Hudy, Joseph Wianski, Josef M. Glodowski, Frank Neuberger, Adam Lejkowski, Amon Tofum, Klemens Frank Prais, Mike Andrus, John Allen Roy, Reynold Hodell, Lukas Polotniuk, Theodore Frank Cepila, Helmuth F. A. Hoge, Hans C. N. Alm, Emil Herman.

Eleven Continued  
The applications of the following were continued:

Wladislaw Derezynski, Joseph Peter Konkol, George Walter Gutz, Marcel Sembenek, John Kryszewski, Fred Erickson, Peter Malik, Anna Margaret Schu, John Bloomer, Frank Kilcinian, Rudolph Luebeck, Walter Buchinski.

### CYCHOSZ ARRAIGNED ENTERS GUILTY PLEA

ALLEGED CHECK FORGER TO BE SENTENCED LAST OF WEEK

JAKUBOWSKI TRIAL IS ON

(From Tuesday's Daily)  
Louis Cychosz charged with check forgery, was arraigned in circuit court Monday afternoon and entered a plea of guilty. Sentence, it was announced, will be pronounced the last of the week.

Cychosz was arrested last February and following a hearing in county court was bound over for trial. He was released under bonds but recently was surrendered to the sheriff by his bondsmen and has since been confined in the county jail.

Jerome and Walter Russell, charged with intent to do great bodily harm pleaded not guilty when arraigned Monday afternoon.

Trial of the case of the state vs. Valentine Jakubowski, town of Carson, farmer charged with an offense involving a six-year-old girl, was called off trial this morning. The following day was sworn: Carl Anderson, Carl Eden, Joseph Sultz, Jerome Grah, Frank Selsini, Claude Allen, Jacob Kohne, Nick A. Kryszewski, John Rogakowski, Charles Wilson, Frank Trok and C. W. Rickman.

A return on the special venire drawn Monday to fill the jury panel was made this forenoon. William H. Allen and Al. Lankton were not served. M. J. Mersch, Starr Cobb, Peter Hartman, Oscar Budusburg, Clair Fletcher and James Fogarty were excused for the term and Winfield Rothman was excused until Thursday morning at 9 o'clock.

In the case of A. E. Kump vs. Ross Willitt, his wife, a Wood county special, D. D. Conroy was appointed referee by order of the court and a judgment of foreclosure of land contract for \$1,254 damages and costs of \$35.12 was entered.

#### Tursinski-Nagorski

Miss Helen Nagorski, daughter of Mr. and Mrs. Peter Nagorski of McDill, and Alois Tursinski, son of Mr. and Mrs. Joseph Tursinski of the town of Stockton, were married at St. Stanislaus' Catholic church in this city at 9 o'clock this morning, Rev. A. Malkowski officiating.

The couple were attended by Miss Anna Tursinski of Stockton, a sister of the groom, Edward Gaskey of Monroe, a cousin of the bride, Miss Victoria Wabich of Stevens Point and Edward Muller of Bevent. Little Miss Alice Tursinski, sister of the groom, was the flower girl.

The bride wore a gown of white satin, trimmed with beads and lace and carried a shower bouquet of white roses. Miss Anna Tursinski wore white chiffon and carried a bouquet of red roses, while Miss Victoria Wabich wore white organdy and carried red roses. The flower girl wore a dress of pink voile and carried a basket of carnations and roses.

A wedding breakfast and dinner were served at the Nagorski home, followed by a supper in the evening. A dance was also held. Invitations were extended to 75 people, relatives and friends of the couple.

Mr. Tursinski is employed at the plant of the Whiting-Plover Paper company. His bride was also employed there until recently.

#### Married in Chicago

Miss Clara Petrick, daughter of Mr. and Mrs. Jack Petrick of Cambridge, and Raymond F. McCarthy of Chicago were married on April 23 at St. Helen's church in Chicago. The bride's cousin, Rev. Peter Petrick, officiated at the ceremony.

The couple were attended by the bride's sister, Miss Christie Petrick and Thomas McElligott. They left that evening on a wedding trip through the eastern and southern states, and will be at home on East Pearson street, Chicago, about the middle of June.

The bride has made her home in Chicago for the past several years and has held a position in a lace factory. The groom is a son of Mr. and Mrs. John McCarthy, 4806 Washington Blvd., Chicago, and is a successful contractor.

#### Glinicki-Slowinski

Miss Mary Slowinski, daughter of Mr. and Mrs. Frank Slowinski of Cambridge, and Frank Glinicki, son of Mr. and Mrs. Albert Glinicki of Roshtoff, were married Monday morning at St. Bartholomew's Catholic church at Mill Creek. Rev. S. Lepinski performed the ceremony.

The couple were attended by Miss Mary Glinicki, a cousin of the groom, Miss Genevieve Stremkowski, a cousin of the bride, and Ben and Edward Glinicki, the groom's brothers. A wedding breakfast at the home of the bride's parents followed and a reception and dance was held in the afternoon and evening at the hall at Mill Creek.

The bride until recently has been employed at the Soo line lunch room in this city. The groom has been residing on his father's farm. The couple, however, plan to reside in Stevens Point.

#### Jandsewski-Klisch

Miss Josephine Klisch of Carson and John Jandsewski, whose parents reside on Knowlton Route 1, were married this morning at St. Bartholomew's Catholic church at Mill Creek, Rev. S. Lepinski officiating. The couple expect to make their home in Stevens Point. The groom was employed in Stevens prior to a month ago, while the bride has been at home in Carson.

#### Apply for License

Marriage licenses have been applied for at the court house by the following:

Fred M. Plasmay, Stevens Point, and Ethel M. Alton, Stevens Point.

Leo Firkus, Stevens Point and Mary Heimzinski, Dewey.

Walter Halimzinski of Waupaca and Anna Zimbauer of Hull have applied for a marriage license at the local court house.

#### New Pastor Welcomed

At the noonday dinner of the Rotary club Monday, Rev. C. S. Pier, new pastor of the Presbyterian church, was given a vote of welcome to Stevens Point, the address of welcome being delivered by Rev. James C. Hogan, pastor of St. Stephen's Catholic church. Himself a resident of the city less than a year and a half, Father Hogan promised Mr. Pier that he would find Stevens Point a progressive city ready to work in good cause. In behalf of Mr. Pier, and recalling his own experience, he cautioned other citizens not to expect a newcomer to know them by name at once. There being several thousand faces and names to place in mind, it will take some time, he said, while the local people, with only one new face to remember, find no difficulty in that.

Rev. Mr. Pier replied briefly, thanking members for their welcome and saying that he is beginning to like Stevens Point at the start and

feels sure he is going to be proud to be a citizen here.

Welcome was also given to Arthur G. Jones, executive of the Boy Scouts, who has come here to make his home.

#### Observe Anniversary

A large number of members of Stumpf Lodge No. 225, I. O. O. F., and their families were in attendance at a banquet and program given in the lodge hall on the South side Thursday evening on the occasion of the 18th anniversary of the founding of the order. Following the banquet, a literary program was rendered and the remainder of the evening spent in dancing.

#### Banquet and Party

All members of Lillian Review No. 14, W. B. A., of the Macabees, and all visiting members of the order are extended a general invitation to attend a 6 o'clock dinner and card party, to be given in honor of Amherst Review No. 67 on Wednesday evening, May 4, at Odd Fellows' hall. Those planning to attend are asked to inform Lady Commander Behrendt, B. 231, on or before May 2.

#### Entertain at Shower

Mrs. Theodore J. Ohlinger entertained at a miscellaneous shower at her home, 502 Park street, Monday evening, in honor of her sister Miss Kathryn Zie, whose marriage to Joseph Cassidy will take place in the near future. Miss Zie received many beautiful and useful gifts. The evening was spent informally. Light refreshments were served.

Mrs. Agnes Wizanski announces the engagement of her youngest daughter, Frances Margaret, to Felix Srods, at Amherst Junction. The wedding will take place in June.

### FALLS FROM BOAT YOUTH IS DROWNED

WALTER KEDROWSKI, AGED 21, LOSES LIFE IN PIKE LAKE IN MARATHON COUN.

#### TY SUNDAY

Walter Kedrowski, aged 21, was accidentally drowned in Pike Lake in the town of Reid, Marathon county, at 4 o'clock Sunday afternoon. He was alone in a boat on the lake when he fell over the side into the water. His younger brother, John Kedrowski, and a son of Frank Krouskoski, a neighbor, were standing on the shore watching when the tragedy occurred.

The boys on the shore ran for help, which came too late. The victim is the son of Mrs. Martha Kedrowski, who lives on a farm a short distance from the lake. A number of men dragged the lake Sunday afternoon and Monday morning but failed to find the corpse. On Monday afternoon Coroner Wm. C. Melchior was notified at Wausau and equipment for dragging the lake was sent to Pike lake, the remains being recovered late in the afternoon.

# SAVE \$50,000 ON CONCRETE JOB UPON 18

CAST STONE CONSTRUCTION COMPANY BIDS AWAY BELOW AMOUNT AVAILABLE ON ROAD

## LIMIT OF CONCRETE ON HIGHWAY 10 SET

WORK BEGINS AT ONCE NEAR  
CULVERT SOUTH OF  
COULTHURST  
FARM

The Cast Stone Construction company of Eau Claire, which has the contract for the concrete highway or Road No. 10 south of Stevens Point will also be given the concrete job on Road 18 west of the city.

This was disclosed at Wisconsin Rapids Friday, when bids were opened for the latter job, and it was found that the Eau Claire company had made a bid \$50,000 below the appropriation. While the contract is to be formally awarded by the state highway commission, no doubt exists that the lowest bidder will get it.

Two bids were received. They were:

Cast Stone Construction company \$55,999.14.

Christ Johnson, Oshkosh, \$55,500.51.

Reduced costs of material and labor made both bids low, and with the Cast Stone bid the price was further reduced by the fact that, having it heavy road-building equipment here the company was able to figure its removal here out of the cost.

### Where Road Goes

The concrete is to start 1,500 feet within the city limits on Superior Avenue and proceed in a northwesterly course. At the point where the road now turns to the right and goes down to the Rocky Run bridge, in the city limits, it is to go west to the Superior right of way, which it will follow to the point of intersection with the Mill Creek road near the schoolhouse. There it will rejoin the present river road, and there the contract is to end. All of the river road between the two points mentioned will be cut out, but will continue to be maintained doubtless as a town road. At the present time all that part of the old road is under water and practically impassable.

While the lowest bid is \$50,000 below the appropriation, Engineer F. F. Mengel said to the Journal that it would be a mistake to say it is that much below the estimate. The estimate was also reduced on account of changes in the specifications. "It is a very good bid, however," the engineer said.

### Where Balance May Go

Asked what he would recommend doing with the balance of the money available, Mr. Mengel said that several things might be done. He is inclined to favor putting a little more with it and building a concrete road on No. 10 from Stevens Point to Coulthurst, which will be the worst piece of No. 10 in this neighborhood when the concrete job to the south is done. Another suggestion made at the meeting at the Rapids Friday, attended by the highway engineer, the county highway committee, the county highway commissioner and the county clerk, was that arrangement be made to build back into the city on Superior Avenue perhaps to the junction with Central Avenue a little west of the wagon bridge, the expense to be divided between the city and the highway commission's fund.

Under the terms of the appropriation the money could be expended at once in extending the concrete on Highway 18 below the Mill Creek road intersection, which would take it to Martin's Island, but as there is a good gravel road there now, there is no sentiment in favor of replacing it with concrete.

The contractor will begin on the west side job just as soon as he is through with the Plover job. Date of beginning was set at August 15, but the contractor hopes to start earlier. He will start the job this fall.

### Stevens Point Set

The concrete job on the highway between Stevens Point and Coulthurst will be let in two parts. The first part will be the southern end of the job, from the southern end of the Plover to the southern end of the job with rails, cars and locomotives. His material will thus be transported to the point needed. When the southern end of the job is done he will move the railroad north. Also he is putting in a water system, laying mains for three miles to the little Plover river.

Grading has begun on the Plover road. On Wednesday or Thursday Mr. Childs will begin pouring concrete. A detour will be maintained along the side, where there is a wide, level space for it. After the concrete reaches the turn into the cinders road to the Whiting-Plover mill, traffic will be detoured over the paper mill concrete road.

When completed the Plover concrete strip will be practically six miles in length, as large a piece of concrete, Mr. Mengel says, as there is in this part of the state. It is about the same length as the concrete roadway between Waupaca and Weyauwega.

## PRICES TO FARMERS CONTINUE TO FALL

SEVENTY CENTS PER HUNDRED  
AVERAGE QUOTED IN WIS-  
CONSIN FOR POTATOES

Madison, April 30.—The bi-weekly newsletter of the Division of Markets today says of the range of commodity prices:

"That prices the farmers are receiving for their products are still declining is shown in the reports received this month. Retail prices have fluctuated but on the whole are about on a level with last month's prices. The following table shows the average prices farmers are receiving for their products when sold to local dealers.

Potatoes, per cwt. .... \$ .704  
Ailk, per cwt. .... 2.10  
Figs, per cwt. .... 8.40  
Cattle, per cwt. .... 5.25  
Butter, per lb. .... .428  
Eggs, per doz. .... .199  
Corn, per bu. .... .61  
Dats, per bu. .... .396  
Barley, per bu. .... .61  
Wheat, per bu. .... 1.30  
Timothy hay, per ton. .... 16.88  
Mixed fowls, per lb. .... .238

The average state retail prices for April are given in the following table:

Platoes, per lb. .... \$ .613  
Ailk, per qt. .... .191  
Eggs, per doz. .... .223  
Butter, per lb. .... .457  
Sugar, per lb. .... .095  
Pork chops, per lb. .... .261  
Round steak, per lb. .... .255  
Cheese, per lb. .... .341  
Joney, per lb. .... .296  
Soft coal, per ton. .... 11.37  
Tour, 40-lb. sack. .... 2.74

**GIVEN SENTENCES**

**OF FOURTEEN YEARS**

OUR YOUNG MEN ARRESTED AT  
AMHERST JUNCTION IN APRIL  
CONVICTED OF CRIME  
IN INDIANA

H. D. Boyd, Robert Jones, J. J. Meloy and Eugene Snyder, who arrived at Amherst Junction by auto from Indiana early in April, were arrested on a charge of obstructing a highway and taken from the county jail here while serving 10 day sentences, having been convicted at Huntington, Ind., on a charge of stealing the car, according to word received here. It is reported that each of the young men will be given a sentence of 14 years in prison.

The quartet of young men pleaded guilty to a charge of obstructing a highway at Amherst Junction when confined at Amherst village. When they were unable to pay fines of \$10 and costs they were committed to the county jail here for 10 days. It was while they were serving these sentences that authorities arrived from Huntington, Ind., with a warrant charging the theft of a touring car from O. Holmes of Indiana, the machine which they drove here. When the four were taken back they stoutly denied their guilt, claiming they had purchased the car, paid \$100 down upon it and had arranged to pay the balance in installments.

An investigation conducted from Amherst Junction resulted in the trip made by the Indiana sheriff and a deputy to this city.

# ROSETH RESIGNS BANK POSITION

FIRST ASSISTANT CASHIER OF  
CITIZENS NATIONAL GOES  
TO BUKOLT CO.  
PANIES

## WILLIAM RAUP SUCCEEDS

PORTAGE AND MORRISONVILLE  
BANKER TO LOCATE AT  
STEVENS POINT

Simon Roseth, first assistant cashier of the Citizens National bank, has resigned his position there to go to the Bukolt companies.

Mr. Roseth will be succeeded at the Citizens by William Raup, present cashier of the Morrisonville State bank.

With the bank for seven years, four as assistant cashier, Mr. Roseth was one of the most valuable members of the force and it is with great regret that the officers and directors accepted his resignation. Prior to going to the Citizens, he was with the First National for three years as bookkeeper, in which position he served for three years also with the Citizens before his promotion to the assistant cashiership. As first assistant he has had charge of the inner operations and direction of employees, in which he made a splendid record. "His loss is very deeply regretted," said Cashier C. S. Orthman.

### The New Assistant

The new incumbent of the first assistant's place is known in banking circles all over Wisconsin. He, with his brother, John Raup, built up the City bank of Portage from small beginnings, John working as cashier and William as assistant. William Raup served with the City bank for 14 years and three years ago became cashier of the Morrisonville bank. The latter bank now has deposits of \$400,000. A student of banking and a man with 17 years of experience, William Raup is capable of taking up Mr. Roseth's work and the bank feels fortunate in obtaining him. Following Mr. Roseth's resignation Mr. Raup was chosen after several weeks' examination of the qualifications of a number of candidates.

### In Charge of Accounting

With the Bukolt companies Mr. Roseth will be in charge of the accounting department. J. J. Bukolt, head of the companies, said to the Journal today. The business of these companies is growing so rapidly that it was felt necessary to have a man of this caliber directing the work of that department and so good a financial offer was made that he was unable to refuse.

Mr. Roseth will continue at his desk at the Citizens until the arrival of his successor, probably some time this week.

## LARGETT TAKEN BACK TO WAUPUN PRISON

ESCAPED CONVICT, CAPTURED AT  
JUNCTION CITY, GOES BACK  
TO PENITENTIARY

### IN CHAINS

Edward J. Largett, the escaped convict who was captured at Junction City last Friday and lodged in the county jail in Stevens Point, was taken back to the state prison at Waupun early Sunday morning in handcuffs and chains.

Largett, who was serving a two-year sentence for larceny, was an honest prisoner, employed with a construction crew near Fond du Lac, when he escaped on April 23. He remained at Oshkosh, his home town, for several days and then, accompanied by his wife, started for Wisconsin Rapids, via Junction City. On his arrival at Junction City he was recognized by a former Oshkosh resident and his arrest followed. A reward of \$50 had been offered for his capture.

Largett will now be compelled to serve his full two-year term in prison, with no allowance for good behavior.

### KNIGHTS OF COLUMBUS AT WISCONSIN RAPIDS

A delegation of members of Stevens Point council No. 1170, Knights of Columbus, attended the Knights of Columbus gathering at Wisconsin Rapids Sunday, when a large class of candidates from various Wisconsin river valley cities was initiated. Among those from this city who were present were J. J. Hart, A. Love, Frank Walsh, J. A. Cashin, J. P. Gleeson, George L. Gleeson, Guy Love, Frank B. Shemanski, Frank Abb, Jr., M. J. O'Brien, Dr. E. B. Nalborski, Karl Pfleider, Dr. W. R. Cashin and Frank Love.

Little Coal on Atlantic Coast.  
With the exception of the small deposits of anthracite in Rhode Island, the only coal deposits on the Atlantic seaboard of this continent are those in the maritime provinces of Canada.

## CIRCUIT COURT CALENDAR OUT

### FIFTEEN CRIMINAL CASES LIST.

ED FOR TRIAL AT TERM  
BEGINNING MONDAY,

MAY 2

### PLENTY WORK FOR JURY

### THIRTEEN ISSUES OF FACT FOR COURT AND ONE ISSUE OF LAW SCHEDULED

Fifteen criminal cases, 33 issues of fact for jury, 18 issues of fact for court and one issue of law for court are included in the calendar for the spring term of the circuit court for Portage county, which opened Monday, May 2, Judge B. B. Park presiding.

The calendar follows:

Criminal Calendar  
State of Wisconsin vs. Kate Chilla. Slander.

State of Wisconsin vs. Jerome Bussell and Walter Russell. Assault with intent to do great bodily harm.

State of Wisconsin vs. John Liss and Anzelm Wojak. Operating an automobile without the consent of the owner.

State of Wisconsin vs. J. J. Flatoff. Operating an automobile without the consent of the owner.

State of Wisconsin vs. Carl Thompson. Threats to accuse and injure.

State of Wisconsin vs. Frank Garsznak. Violating game laws.

State of Wisconsin vs. Anton Glosowski. Slander.

State of Wisconsin vs. John A. Shern. Embezzlement.

State of Wisconsin vs. Felix Matka. Abandonment.

State of Wisconsin vs. Joseph Garshick. Bastardy.

State of Wisconsin vs. Louis Cychoz. Forgery.

State of Wisconsin vs. Valentine Jakubowski. Indecent liberties with a female child.

State of Wisconsin vs. Anna Monian. Assault and battery.

State of Wisconsin vs. Henry Grunau. Bastardy.

State of Wisconsin vs. Clarence Leisen. Bastardy.

Issues of Fact for Court  
Sigmund Groen vs. John Wojak.

### HORSE IS KILLED BY LIGHTNING BOLT

### DAMAGE OF SEVERAL HUNDRED

DOLLARS DONE TO BARN  
ON DUNEGAN FARM IN

STOCKTON

A large and valuable work horse owned by Gus Sprung was killed and damage of several hundred dollars was done to a barn on the farm of J. W. Dunegan in Stockton when lightning struck last week Monday afternoon.

The horse was in the barn when the bolt descended, tearing a large hole in the roof, destroying a small cupola and loosening a metal rooster which served the purpose of a weather vane so that it literally "hung by its toes." Mr. Sprung has

operated this farm for several years. It is located about four miles east of McMillon, on the road running to Amherst.

Ernest Cartmill was plowing in a field adjoining the Dunegan farm when the lightning struck. One of his horses was knocked down but suffered no injuries.

Thickness of Spider's Thread.

A scientist once compared a half of his beard with a spider's thread under a microscope and estimated that it would take 10,000 threads to equal one hair in substance.

## STATE ENGINEER TO PLAN ARMORY

MAJOR HENRY G. HENGELS VISITS STEVENS POINT TO GET INFORMATION ON PROJECT

### FAIR GROUNDS SITE CHOSEN

BUILDING TO BE PUT UP BY  
CITY WILL SERVE MANY  
PURPOSES

Major Henry G. Hengels, state military architect and engineer, was in Stevens Point Thursday in connection with the armory-stock sales pavilion-exposition barn project, for which the common council recently authorized a bond issue of \$25,000.

Major Hengels conferred with Mayor J. N. Welsby, members of the board of public works, Secretary F. Leslie Body and others relative to the proposed building and also made an inspection of the fair grounds, where the structure will be built. A site for the building has been selected, this being in the northwest corner of the grounds, north of the present exposition building. This will necessitate removal of the horticultural building and poultry shed to new locations.

Main Hall and Wings

Major Hengels expects to complete the final plans and specifications for the new building in about 10 days. He will probably recommend the use of hollow tile construction for the walls. His plans will provide for a main hall 90 feet in diameter, of hexagonal shape and two stories in height, with four one-story wings extending out in different directions.

The main hall will be used for stock sales and by Battery E, 120th Field Artillery, Wisconsin National Guard, for drills. It will be arranged so that temporary bleachers can be put up when needed and, among other things, will be suitable for use for stock judging, poultry shows, dog shows, wrestling and boxing contests and other public gatherings. Steam heating facilities will be provided.

For Cattle and Horses

One of the wings will be 36x150 feet in size, with concrete floor, for use as a cattle barn and for stable purposes. This wing will house the 32 head of horses to be turned over to the battery by the federal government when suitable accommodations are provided. It will be equipped with box stalls and will have a saddle room, field equipment room and stable sergeant's room. The stable sergeant will be a full-time man, a regular army man sent here by the federal government.

Battery Quarters

Another wing will serve as quarters for the battery and will be 36x90 feet in size, with concrete floor. It will contain a locker room 20x35, with 118 steel lockers for the personal equipment of enlisted men, a property room 15x20, a non-commissioned officers' room 15x20, and a battery club room 25x35 with fireplace. This wing will have a direct outside entrance and also an entrance to the main hall. It will have a steam heating plant, toilets and showers and will be for the exclusive use of the battery.

The two other wings will be 150x26 feet in size and will be for the housing of cattle during the Stevens Point fair. They will have dirt floors. There is a possibility that one of these wings may be eliminated in order to keep the cost of the building within the appropriation made.

A separate building, 100 feet from the main pavilion, will be provided for in the plans, for use as a gun shed. This will be fireproof, 26x120 feet in size, one story in height, with a floor of macadam or composition. All of one side of the building will have doors. This structure will house the 75 MM. guns to be received by the battery and other equipment to the value of \$120,000, furnished by the federal government.

Arrangements will also be made for another separate building, a small one, for use as a blacksmith shop for the battery.

Likes Local Project

Major Hengels is enthusiastic over the project laid before him, declaring the plan is years ahead of the time. He emphasized the point that the building will be used the year around by the National Guard and that at all times it will be under the care and supervision of federal agents.

### LARGE PARTY GIVEN

AT KUSSMAN HOME

Buena Vista, Wis., April 27—A large crowd gathered at the home of Mrs. John Kussman Sunday in honor of Mrs. Kussman's mother, Mrs. Lucy Grimm, and Mrs. Louise Campbell of Sogansport, Ind. The occasion was the former's birthday and the latter's departure for her home in Indiana.

BANK REPORT ASKED

Madison, May 2—Banking Commissioner Cousins today issued a call for the condition of all state banks at the close of business April 28.

Washington, May 2—The controller of currency today issued a call for the condition of national banks at the close of business Thursday, April 28.

## AMERICAN LEGION CAR AWARDED TO H. S. DYER

EX-SERVICE MAN WINNER OF  
FORD SEDAN DISPOSED OF  
BY VETERANS' ORGANIZATION

Harold S. Dyer, director of the music department at the State Normal school, was the winner of the Ford sedan disposed of by Carl Romulus Berens Post No. 6, American Legion, at the Lyric theater Wednesday evening.

The drawing was witnessed by a capacity house, following the first show, and was in charge of Frank A. Love, commander of the Legion post; Carl S. Orthman, W. R. Cook and Alex Krembs. The numbers were placed in a large churn and thoroughly mixed by Mr. Krembs. Miss Sophia Kiedrowski was called upon to do the drawing. First 25 numbers were taken from the churn and the holders announced one by one. Then the churn was emptied of all other numbers and the 26 put in. Blindedfold, Miss Kiedrowski drew out number 878, the duplicate of which was held by Mr. Dyer. Mr. Dyer, who is a service man, a member of the city, and recently the annexation of Palatka Heights. His election, which was unanimous, was termed a fitting reward for his effective service.

Another honor recently conferred upon Mr. Dineen was his selection as acting state's attorney for the Eighth judicial circuit, which comprises five counties in the vicinity of Palatka.

He succeeds Hon. A. V. Long, who retired from that office to accept the Legion, and purchased nearly 40 tickets on the car.

Announcement of the winners in the girls' ticket selling contest was also made Wednesday evening. Miss Alice Behr was announced as the winner of first prize of \$15 and Miss Esther Kampine of second prize of \$10. They were the only ones who entered their names, other girls having "clipped" with them.

As a result of the car sale about \$500 was cleared for the Legion Memorial fund. Part of this money will be spent for markers to be placed on Memorial day on the graves of World War veterans buried in local cemeteries and as a contribution for decorating the graves of service men who died overseas and are buried in France.

### NEW MEMBER OF FIRM

Lee Botha, a local grocer of many years' experience, has gone into business with J. L. Jensen, the two forming a partnership. The Jensen establishment at 432 Main street will be continued at its present location under the same firm name.

Mr. Botha, prior to the first of the year, was in the employ of Mr. Jensen for 11 years, leaving to become a salesman for the Goppo company. The two men completed an inventory of the stock last week preparatory to the change, which became effective May 1.

Swift's Red Steer Fertilizers are evenly mixed and thoroughly cured.

They furnish available plant food from seedling to complete maturity.

They are made right!

Result—Biggest yields of best quality which means lower cost of production and greater profit.

## ESCAPED CONVICT CAUGHT BY VOYER

FUGITIVE FROM HONOR CAMP  
AT TAYCHEEDAH IS AR-  
RESTED AT JUNC-  
TION CITY

## BROUGHT TO LOCAL JAIL

WIFE, FORMER LOCAL GIRL,  
ACCOMPANIES HIM TO  
THIS CITY

Pretty Good Town  
As the population of this town and  
Stevens Point are about the same a  
very brief summary of what they have  
here, so that Stevens Point readers  
may make comparisons, may be of  
interest.

Churches.—The three largest con-  
gregations are the Presbyterians,  
Methodists and Baptists. All have  
large churches. The Episcopal church  
stands forth and the Catholic church  
is fifth. The latter has a small frame  
church, of which comparatively few  
families are tributary.

Sunday Observance.—No movies or  
other public amusements are per-  
mitted and nearly all business places are  
closed, the six or seven drug stores  
alternate, only one being open on  
Sunday. This rule prevails in many  
parts of the south.

Schools.—One large central school  
and two smaller ones for whites and  
a good sized one for colored children.  
Recently a proposition to bond the  
city in the sum of \$250,000 for additional  
school buildings was submitted to  
a vote of the people. About one  
thousand votes were cast and of these  
only three were against the proposi-  
tion.

Streets.—Several miles of concrete  
rom which good improved roads lead  
the country. One of these ex-  
ends to Raleigh, 70 miles, and another  
to Aberdeen, 40 miles.

Public Utilities.—The city owns the  
waterworks and electric plant but  
buys its current. Business districts  
well lighted.

Fire Department.—Motorized, mod-  
ern equipment.

Police Department.—Chief and ten  
police, who work in eight hour re-  
lief. Chief says they should have  
more men, principally on account of  
the negroes but soldiers from Camp  
Bragg sometimes give the police trou-  
ble.

Taxation.—I asked a citizen if taxes  
were high in this town. "Well," he  
said, "my home was assessed at \$6,-  
000 and my taxes were \$100." This  
included state, county, school and city  
taxes, everything for which taxes were  
levied.

The weather down here is delight-  
ful and we are enjoying it; but we  
expect soon to turn our faces toward  
that good old town on the Wisconsin  
river where, in due course of time,  
when that new hotel is finished, we  
hope to occupy seats at the banquet  
table."

## LOCAL YOUNG MAN IN NEW COMPANY

WYON J. BREITENSTEIN IS SUP-

ERINTENDENT OF FIRM  
MANUFACTURING SAN-  
ITARY CUSPIDORS

Myron J. Breitenstein, son of Mr.  
and Mrs. R. J. Breitenstein of Stock-  
ton, is superintendent of and a stock-  
holder in the Northern Specialty  
company, which began business at  
Medford last week and is turning out an  
average of 7,000 sanitary cuspidors  
daily. A wire base is covered with  
waterproof paper container, which  
latter can easily and quickly be  
removed and clean paper substituted.  
The base, or cuspidor proper, sells at  
\$1.25 each, while the containers bring  
\$15 per thousand.

The specially prepared paper is made  
at the Menasha plant of the John  
Strange Paper company, and in order  
to get close to supply the Specialty  
company factory will soon be moved to  
Menasha. Machinery capable of  
turning out 70,000 containers each  
day has been ordered and will be  
ready for installation within a few  
weeks.

Besides Messrs. Breitenstein and  
Strange, other stockholders in the  
new concern include Dr. C. F. Ny-  
strum, G. C. Nedry, L. L. Urquhart,  
C. A. Fleming and C. F. Luepke of  
Medford.

For Climbs Tree.

Another of the red fox's accomplish-  
ments is his ability to climb certain  
trees, where the inclination of the  
trunk and the accessibility of the low-  
er limbs admit of it, says the Ameri-  
can Forestry Magazine. His being  
able to perform this feat often saves  
his life, as does also his knowing how  
to swim.

## STREAM NEAR LAONA ABOUNDS WITH TROUT

CHICAGO'S DEAN OF FISHERMEN  
SAYS RAT RIVER IN FOR-  
EST COUNTY IS ONE OF  
THE BEST

Largett, who is 27 years of age,  
lived in Stevens Point at one time.  
In discussing the crime for which he  
was sentenced to prison, he said another  
man was implicated, but that he  
had protected him.

Back to Prison

The state prison authorities were  
notified of Largett's arrest and he  
was taken back to Waupun Saturday  
night.

Edward G. Taylor, Chicago's dean  
of fishermen, has fished the big and  
little streams of this country, north,  
south, east and west, all his life. He  
has discovered more delightful spots  
than any other man known in the  
sport. Now he has discovered another  
spot, at Laona and in Forest county,  
Wisconsin. In an article to the Chicago  
Evening Post a few days ago, Taylor  
speaks at length of the fishing at  
Laona and adjacent lakes and rivers.  
He writes:

"Laona is a small lumbering village  
290 miles north of Chicago. It is situated  
in the very heart of the only  
tract of virgin forest left standing in  
Wisconsin, and is literally surrounded  
by lakes and trout streams. Within a  
radius of six miles of the village are

six large lakes and several smaller  
lakes, and seven trout streams. Some  
of these lakes are surrounded by hills  
so covered by virgin forest that the  
tree growth extends right down to the  
water's edge, and no roads have yet  
been built to some of them. All of  
these lakes contain pickerel and pike  
and small mouthed bass, while three  
lakes are stocked with brook and rainbow  
trout. One of the best trout rivers  
in Wisconsin for wading and fly  
fishing is the Rat river. One can  
fish this river, using waders, from Laona  
clear down to where it joins the Peshtigo,  
and its waters contain brook trout and  
rainbow trout of large size this is some fly fishing feast."

The prison sentence and fine imposed  
on friends of the senator were also  
set aside. Judge McReynolds read the  
majority decision. The senator under  
the decision is left free to serve out  
his term, the sentence committee in-  
vestigating the Ford-Newberry election  
having determined that there was no  
fraud in the count of the vote. New-  
berry and his associates were convicted  
under the federal law which pro-  
vides that not more than \$10,000 shall  
be spent in any one senatorial cam-  
paign. It was charged that the senator  
and campaign managers spent at  
least \$100,000 to win the election. Ag-  
gregating deposits of the Newberry  
campaign committee were claimed to  
be \$178,857.20. Originally 134 persons  
were indicted but only 17 were con-  
victed.

## Build With Lasting Material

MAKE your home an investment as well as a dwelling. Put  
it into material that defies deterioration—proven material  
that has stood the test of time. Build it of Elastica, The Ideal  
Exterior Wall Covering.

### Beauty That Never Fades

An Elastica exterior retains forever its original color scheme and  
tone. Water cannot penetrate it nor weather stains disfigure it.  
For in addition to being fireproof and crackproof, Elastica is  
thoroughly waterproofed.

### Surprisingly Moderate in Cost

Elastica saves money for the builder, not only in the long run  
but in initial cost as well. Due to its greater covering capacity  
Elastica goes further, thus effecting a great saving in material,  
labor and money.

Elastica may be satisfactorily applied in extremes of temperature  
—winter or summer. Find out about Elastica.

# ILET WOUNDS KILL MRS. BUCK

NER STEVENS POINT RESIDENT DIES AT RAPIDS, VICTIM OF HUSBAND'S RAGE

## D LEFT THE HOSPITAL

PS IS SECOND DEATH FROM TRAGEDY ENACTED ON

MARCH 28

rs. Olive Gotchey-Buck, who was four times on March 28 at Wisconsin Rapids by her jealous husband, then committed suicide, died at 11 a. m. on Friday at the home of her mother, Mrs. J. A. Gotchey, at Wisconsin Rapids, from the effects of wounds.

rs. Buck, following the shooting, taken to Riverview hospital, she remained until about two days ago, when she went to her mother's home. Her death was unexpected.

Born in Stevens Point

Buck is survived by her mother, Homer Gotchey of Stevens Point, a sister, Mrs. C. F. of Wisconsin Rapids, and a brother, Norman Gotchey of Stevens Point. She was 27 years of age and born in Stevens Point, living here when she was 12 years of age, when she went to La Crosse. She was married to Thomas Chester Buck in 1914. The funeral has been tentatively arranged for Monday afternoon at 2 p.m. at Wisconsin Rapids.

## BEANS IMPROVE SANDY SOIL FARMS

ANTAGES OF CROP POINTED OUT BY SPECIALIST AT UNIVERSITY OF WISCONSIN

oy beans should be grown on sandy soil farm that is confronted with soil fertility problems," states V. Albertz of the agronomy department of the University of Wisconsin. "The variety grown depends on the section of the state and the use for which they are grown." In the yellow bean field of Black and Ito San, a small yellow bean well adapted to the southern part of the state both for forage and seed, is plentiful and reasonably good. Manchurian is the largest yielder variety grown and is standard in southern counties.

degree Early Black, a small black is the standard seed bean for the northern part of the state. It is just good for forage as the Ito San and mature in a shorter time. The Ito San Early Black is a large black and well suited for forage purposes in this section of the state. The black in the southern part of the state has a tendency to remain short, making it hard to harvest.

Wisconsin Medium Early Green is the best forage plant grown in the state, because it is a tall growing with a large number of leaves especially desirable for growing corn for silage purposes. It is all green bean. It has several advantages in that it shatters badly, opening it to the plant, and the seed pods to the plant, and the seed is good for forage and seed.

Early Yellow, a large yellow bean, is a forage crop and is well suited for growing sandy soil farms. It is grown in a part of the state, but has a tendency to remain short, making it hard to harvest.

Beans should be planted about the same time or directly after corn is harvested. The rate of seed for corn silage is five pounds per acre in rows for seed 30 inches apart, and if sown at the same time, 60 pounds per acre for best results," advises Mr. Albertz.

is recommended as an crop for places where land is not available; as a cash crop for the small farmer, as a forage crop. Many farmers are making good profits by growing beans and are anxious to know what the market will be like.

By BYRON J. CARPENTER, Plaintiff's Attorney, P. O. Address: Stevens Point, Portage County, Wisconsin.

The above entitled action is brought for the purpose of quieting title to the following described lands situated in the city of Stevens Point, Portage County, Wisconsin, to-wit:

Commencing at a point 24 feet South of the Northwest corner of Lot 6, in Block 6 on West of Second street, Thence South on West line of said Second Street, twenty-four (24) feet, Thence West at right angles with Second Street 20 feet to West line of Second Street, thence South on West line of Second Street, twenty-four (24) feet, thence West to beginning, all being

## TEN JURORS EXCUSED

### TO FILL UP CIRCUIT COURT PANEL 21 NEW NAMES ARE DRAWN

Ten circuit court jurymen were excused at the opening session of the May term Monday and a list of 21 new names was drawn to fill up the panel.

All of the 36 jurors were present at the opening of court. The following gave excuses which the court deemed sufficient and were released: S. A. Martin, Stevens Point; William G. Bate, Stevens Point; M. M. Ames, Stevens Point; Ed. Leary, Stockton; James M. Sullivan, Stevens Point; Ne's Hanson, Albany; Perry Swenson, New Hope; Otto Van Gunten, Belmont; Mike Nugent, Hunt and Irving S. Hull, Stevens Point. Two of those excused claimed exemption because they are past the age of 60. Most of the others excused are farmers.

The following new names were drawn: Winfred Rothman, M. J. Mersch, Fred Ingerson, F. R. Springer, John Gorowicz, Starr Cobb, Will J. Russell, Peter Hartgens, Joseph Schulte, F. E. Roschow, Art Remmick, Charles Wilson, Jerome Groff, William H. Allen, Frank Selinski, Al Langton, Henry Tiss, E. I. Tozier, Oscar Budsburg, Clair Fletcher, James Fogarty.

Dated April 25th, A. D. 1931.

West line 24 feet, Thence West 50 feet to place of beginning. Reserving the right to use 2 feet on West side of said described premises for an alleyway as long as the present frame building now erected thereon stands, which if burnt down or a new building is erected on its place this right of reservation to cease.

# LOCAL STUDENTS CAPTURE HONORS

ONE HUNDRED POINTS IN DISTRICT COMMERCIAL CONTEST IN THIS CITY ON SATURDAY

## THE STANDARD OF WORK

### PLAINFIELD AND WISCONSIN RAPIDS AWARDED SECOND AND THIRD PLACES

Commercial students of the Stevens Point High School, in competition with students from six other cities of central Wisconsin, carried off first honors in the district contest held here Saturday. Examinations were in penmanship, senior and junior typing and shorthand.

Summary of points won shows Stevens Point highest with a total of Marshfield second with 26, Wisconsin Rapids third with 21 and Wausau with eight. Wautoma, Plainfield and Mosinee representatives fall a score.

**Local People First**  
Penmanship Gladys King of Stevens Point was awarded first honors. Kirschling of Wisconsin Rapids and Margaret Jones of Stevens third place.

Senior typing Johanna Klein of Stevens won first place, with an average of 42 words a minute for 15 minutes. Etelle Dounville of Wausau won in this event with 57 words and Edna Meyer of Marshfield, whose rate was 48 words per minute. Her brother of Stevens Point was second with 47 11-15 words and Anna of Marshfield third with 43 2-15.

**Tied in Shorthand**  
Shorthand three students transcribed the material dictated 99.75 percent so the places were awarded according to the general average of each. This gave Dorothea of Marshfield first, Beatrice of Wisconsin Rapids second and Genevieve Willard of Stevens third. The average made by each of three contestants is exceptionally high for contest work and that all the schools in the division are improving along that line. Junior typing contest was open to students who began the study of it last September and therefore studied it one period per day for six weeks. While there may be a high record in the state, it is believed that any district will have three contestants as high.

Commercial contest is held under the direction of the commercial department of the Whitewater State School. The state is divided into districts, including every high school in the state outside of Milwaukee having commercial branches.

**State Contest Next**  
In Stevens Point district there are schools but only seven of these contestants. All of the contestants were featured by close competition. The winners of the contests are eligible to enter the contest at Whitewater on May 15. Any contestant winning one of the first three places may enter. At least two and possibly four Stevens Point winners will be sent to Whitewater. Teachers representing the entered in competition here are judges last Saturday.

## REGULAR IN ATTENDANCE

### HAVE PERFECT ATTENDANCE FOR MARCH AND APRIL AT SCHOOL IN CARSON

Carson Harry and Esther Peskie record for attendance at the school in district No. 3, town of Carson, during the months of March and April, not missing a day during the month. Clarence is one of the best pupils and has not missed a day of school since enrollment. Following pupils missed only during March and April: Casper, Lucille Filip, Edmund Filip, Nick Szwarski, Rose Siowin, August Dehman.

Following names are on the honor roll department for the month of April: Theresa Glaza, Lucille Filip, Maria Kautz, Casmer Filip and Philip.

There were five visitors at the school during the month, including Mr. Gordon, county superintendent and Miss Regina H. Sommer, supervising teacher. The school is at 44. Miss Clara Filip is the teacher. Joseph Solt director, Lee treasurer and Mr. Polk the

## THREE CANDIDATES FOR POST OFFICE

### SUMNER PICKERING, JR. OF PLAINFIELD GETS THE HIGHEST STANDING IN EXAMINATION

Plainfield, Wis., May 2.—As far as can be learned from the candidates for postmaster of Plainfield the three highest standings in the civil service examination were Sumner Pickering Jr., first, with Mrs. Will Gustin and Glen Walker as close seconds.

#### Plainfield Briefs

Mr. and Mrs. Charles Beggs of St. Croix Falls, arrived here Friday for a visit with his brother, Harm Beggs.

Arthur Roseberry, the furniture dealer of Friendship, spent Friday in Plainfield, the guest of his parents, Mr. and Mrs. R. I. Roseberry.

Miss Hazel Beggs and Mr. and Mrs. James Doolittle and son Wayne, came up from Friendship and spent Saturday and Sunday with relatives here. Mrs. Doolittle remaining for a longer visit.

Mr. and Mrs. Leonard Mathis of Appleton, have been visiting relatives here this week. Miss Mathis was formerly Miss Beatrice Chamberlain.

Frank Doolittle, Harm Beggs and Charles Beggs were Friendship visitors Sunday, going down to take Miss Hazel Beggs and James Doolittle back to their teaching there.

Mr. and Mrs. George H. Rozell were called to Red Granite Sunday by the serious illness of Jerry Rozell, their brother, who is very low with the flu.

Mr. and Mrs. Jule Georges and son Lloyd of Waupaca, were guests of L. M. Brewster and wife Sunday.

## WINKLERS GIVE BIRTHDAY PARTY

### MANY FRIENDS GATHER AT HOME OF MEEHAN COUPLE—ED. PARKS RESUMES ROAD WORK

Meehan, Wis., May 2.—Mr. and Mrs. Frank Winkler entertained between 75 and 80 friends Friday night in honor of Mrs. Winkler's birthday anniversary. While the young enjoyed the evening at games the older ones spent the time at visiting until 11, when refreshments were served. The affair was a very pleasant gathering of friends and neighbors, all of whom wish Mrs. Winkler many more joyous occasions of this kind.

**Receives From Illness**  
Ed. Parks, who has been confined to the house by sickness for several days, is back on his job as road patrolman. Ed. has the road in his district in excellent condition. During his illness Henry Gyrion was on the job.

**Meehan Briefs**  
Bert C. Fox and wife spent Sunday at Plainfield the guests of relatives.

Mrs. George Cleveland and children visited relatives at Almond last week.

Wm. Clossman and wife were at Waupaca over Sunday, the guest of their son, Walter, and wife.

Mrs. Ora Clendening is quite ill with a severe attack of rheumatism.

Rayton Fox Jr., is visiting his sister, Mrs. Galloway at Port Edwards this week.

**Take Examinations**

Those from here who wrote for diplomas at Stevens Point last week were Foster Clendening, Phyllis Pike, Leslie Fox and Rolla Wyonk. H. G. Lutz took the children back and forth in his new car.

#### BUENA VISTA NEWS

### Maynard Family Plans to Move to Oregon Soon

The W. Maynard family spent Sunday with Mrs. E. Crofoot and returned to Almond in the evening. They expect to go to Oregon in the near future to make their home.

Mrs. J. Strong left for Antigo Saturday morning to see her sister who is ill.

Mr. and Mrs. Clair Eckels returned to their home here on Sunday after spending some time in the hospital at Stevens Point. Mrs. Eckels had her tonsils removed.

Mr. and Mrs. C. Scribner and family and other relatives visited at the Guy Gilman home on Sunday.

## JOHN EEN IN HOSPITAL

### GETTING ALONG WELL UNDER TREATMENT AT MEDFORD, WISCONSIN

Amherst, Wis., April 30.—The latest report from Postmaster John Een, who is receiving treatment in the Medford hospital, under the medical care of his brother-in-law, Dr. Nystrum, is that he is little better than holding his own the past few days, and a few weeks treatment will no doubt bring him out alright. His daughter, Mrs. Anna Czakleba, who accompanied her father to Medford last week, returned from there Tuesday.

#### Plainfield Briefs

The severe wind storm Monday afternoon did considerable damage to property near the village. Several shade trees and sheds were blown and through the country the damage was greater. Several silos were demolished and barns unroofed.

The grade schools were ordered closed last week on account of scarlet fever. There are few homes under quarantine at present but by carefully watching the situation a serious epidemic is not expected. Thus far the cases have been of a light form. There are a number of pupils absent from school now who have been closely watched by their physicians for symptoms of scarlet fever, but have developed only colds and a few cases of grippe.

#### Local and Personal

Mr. and Mrs. G. E. Jordan and Mrs. J. H. Wenburg of Waupaca were Amherst callers Monday.

Mrs. Phoebe Grover of Waupaca was a visitor in town Tuesday and part of Wednesday.

Mr. and Mrs. C. F. Haertel motored here from Stevens Point and called on friends Sunday afternoon.

Mr. and Mrs. Rob Blair and son, George, of Plainfield spent a few hours with relatives Sunday afternoon.

Mrs. F. E. Webster returned home from Mendon, Mich., Monday where she was called by the death of her sister-in-law, Mrs. Berger. She brought home two of the little Berger children aged two and one-half and four and one-half years, respectively. Dr. and Mrs. Webster will give a home to these little ones for a few months until other arrangements can be made whereby the father can keep his family with him in his home.

Mrs. George W. Fleming returned home Saturday from a month's visit with her niece, Mrs. Maud Howen Ryalls at Spokane, Wash.

Mrs. C. M. Aldrich is a guest of her daughter, Mrs. Harry Wilmet, near Rhinelander. During her absence she will receive treatment in a Rhinelander hospital and will also have a tonsil operation.

Victor Czakleba motored over from Shawano Monday and will visit amongst relatives for a few days.

Mrs. P. E. Boynton is a guest of her sister, Mrs. L. G. Goerling of Marinette.

John G. Smith of Hibbard arrived here Sunday afternoon, being called here by the serious illness of his sister, Mrs. M. A. Fleming.

The Norwegian Aid society will meet with Mrs. L. L. Nelson at Amherst Junction Thursday afternoon, April 28.

A large crowd witnessed the ball game last Sunday afternoon between the Amherst team and the Almond nine, which resulted in a victory for Almond 10 to 7.

Mr. and Mrs. Homer Hicks and Mr. and Mrs. Fred Hetzel and daughter, Vivian, motored over from Almond Sunday afternoon, to witness the ball game and were callers at H. A. Wilson's.

Vernon Peterson of Fond du Lac was an Amherst visitor the first of the week.

Fred Bickel, who has been employed for the past few years by the Electric Service company has resigned and moved with his family to Stevens Point where he has a position in the paper mills.

#### LIVWOOD ITEMS

Mrs. William Krus returned from Waupaca Friday after spending a few days with her daughter, Mrs. Lothair Hahnheiser.

Mr. and Mrs. D. H. Parks and family of Meehan spent Sunday with Mr. and Mrs. L. Netley.

Miss Lillian Cottrell spent the week end at Markesan at the home of her parents who moved there recently.

A large crowd attended the dance Sunday evening at the Mead school house and all reported a good time.

Rev. Clarence Jensen is holding meetings at the Woodville school house this week and next and all are invited to attend these meetings which begin at 8 o'clock.

Mr. and Mrs. John Williams and little daughter and Mrs. Albert Bortz and son Fred motored to Hancock and spent a couple of days visiting Herbert Grant and family.

Mr. and Mrs. Gus Bean of Nekoosa visited his mother, Mrs. Rose Bean on Sunday last.

#### Church Notes

Buena Vista, Sunday, May 8, Mother's Day.

## DANCY IS PLACED IN NEW TOWNSHIP

### CHANGE MADE BY MARATHON COUNTY BOARD—FARMERS ARE BEGINNING THEIR SPRING WORK

Dancy, Wis., April 29.—A few mornings ago a telephone call informed the writer, that through an act of the county board we had become residents of the town of Knowlton. We were somewhat surprised over the change, as some way we had always felt secure in remaining residents of the town of Bergen. Since the change was unavoidable, and just another move in the re-adjustment period, we are glad to claim our residence in one of the best towns in Marathon county.

Farm work is coming along nicely. The usual amount of crops will be planted throughout this section, notwithstanding the low prices the farmers are getting for everything they have to sell.

#### Local and Personal

Mr. and Mrs. John Lohman of Waukesha, are spending a few days here visiting the lady's sister, Mrs. Hanson and among many other friends. Mrs. Lohman, previous to her marriage, was Miss May Bampton, and was born and raised in Dancy.

#### Schools Closed

The grade schools were ordered closed last week on account of scarlet fever. There are few homes under quarantine at present but by carefully watching the situation a serious epidemic is not expected. Thus far the cases have been of a light form. There are a number of pupils absent from school now who have been closely watched by their physicians for symptoms of scarlet fever, but have developed only colds and a few cases of grippe.

#### RED ARROW HISTORY

### READY FOR VETERANS

#### DISTRIBUTION OF BOOK DELAYED.

#### ED. HOWEVER, BY LACK OF FUNDS FOR POSTAGE

On Tuesday evening, May 10, the members of St. Frances congregation will give a benefit basket social and dancing party, at A. Feits hall, Knowlton. The finest of music will be on hand, and the usual good time will be accorded all who attend. The members of this congregation are all set for a sale and big time the Fourth of July. This will also be held at A. Feits place, Knowlton.

J. E. Geisel, county superintendent of schools, called on the Dancy school Monday.

E. C. Brown with Mott & Wood of Wisconsin Rapids, buys cream at this place two days each week.

Many of the depot agents along the line of the valley division have been laid off. So far this depot has been kept open.

Dr. W. N. Daniels and wife of Mosinee spent a day here recently at the home of Mr. and Mrs. Anton Gehaur. The doctor is one of this section's oldest practitioners, and served in the medical corps in the Civil war.

Thomas Grooms of Mosinee visited a couple of days this week with relatives in Dancy. Mr. Grooms, while employed at the paper mill in Mosinee, slipped and sprained his back, and is having an enforced vacation.

#### FORMER ALMOND MAN DIES IN NEBRASKA

#### PNEUMONIA FATAL TO CARL JESON—BRING BODY TO OLD HOME FOR BURIAL

Almond, Wis., May 2—News reached here Saturday that Carl Jeson, a former resident of this place, had died of pneumonia at Chadron, Neb., after a few days illness. The body will be brought here for burial.

#### Submit to Operation

M. G. Wood and mother, Mrs. C. D. Wood, went to Fond du Lac last Wednesday, where the former received medical treatment under the Drs. Twohig, and on Thursday underwent an operation for the removal of his tonsils.

#### Almond Briefs

Messrs. O. A. Crowell and

# Special Supplement to The Gazette

## ANNUAL REPORT

# Stevens Point Chamber of Commerce

Year 1920-21

## Community Effort Yields Community Dividends

### SECRETARY'S REPORT

UR MEMBERS: In the wider scope and the multiplicity of detail that in recent years characterized the modern Chamber of Commerce in almost every American city, the problem of how to report of the year's work before membership and in the community, in shape that it will be read, has correspondingly difficult. A outline of facts, figures and accomplishments is usually dry and uninteresting, but I trust that our members will have sufficient interest in Chamber of Commerce to care-analyze the following summary results obtained by a year's work on the part of the direct-committees and membership. A report represents a fair example of what can be accomplished in a service, and in the First Home along the Road to Progress you determined to build for Point.

on our members stop to realize what amount of time that is devoted to the work of the organization, and further stop to realize magnitude of some of the problems which are being undertaken. It is hard to answer the question, is the Chamber of Commerce

Chamber's activities will sell the chamber to those who had not heretofore become affiliated with the organization; and that, at the same time those who took but one membership will see their way clear to assist in a greater degree the financing of the chamber's efforts.

#### FINANCES

By practicing strict economy your Chamber has been able to tide over the first year's work and to come out free from liability, but the efforts of the organization have been very much hampered and curtailed through the lack of sufficient funds. The percentage of delinquent members is gratifyingly small, at the same time one ought to realize that the Chamber's program of work is based upon a fixed budget, and that if a member does not "pay up" then a certain portion of the contemplated work has to be trimmed, or entirely eliminated. A Chamber of Commerce can succeed, and can secure results desired, only to the extent that its members are willing to give of their time, thought and financial assistance.

#### MEETINGS

During the past year your directors have held 26 executive meetings, with an average attendance of 70 per cent, representing in actual time 78 hours or 3% working days.

Many intricate problems—both delicate and momentous have been presented for their consideration, and it is to their credit that many of the tasks undertaken have been consummated. Your directors have given of their time, and service ungrudgingly, and no matter at what hour of the day they were called together, they always met with a smile, and showed a willingness to place the community's interests uppermost.

Forty-eight committee meetings have been held, which have resulted in many knotty problems being solved.

During the year ten Forum meetings have been conducted, and through the good service of Chairman James E. DeSelle, various noted speakers have addressed the membership and much good has been accomplished.

#### ADVERTISING

This phase of the Chamber's efforts is one which has caused your Secretary much grief, for the reason that the question of expense has always been, through necessity, the first consideration. However, over 15,000 pieces of literature were prepared and mailed in connection with various campaigns and movements. Six thousand pieces of which were acrostics, gotten up to be enclosed in the Chamber's correspondence mailed to outside parties, setting forth in a pithy manner some of our many advantages.

An attractive cut of four of the buildings included in the \$2,000,000 1921 building program for the city, was prepared and will be imprinted hereafter on every envelope leaving the Chamber's office, and it is hoped that the business men will take advantage of the Chamber's offer to loan this cut to them free of all charge, to be used on the back of their envelopes. While the expense of this publicity is nominal the advertising value is incalculable.

Special articles have been written and published in several large leading dailies, magazines, etc., which gave Stevens Point favorable publicity, and through the courtesy of President Dunegan five or six articles, prepared by your secretary, have been published in the "Financial American"—a newspaper which is mailed to every banker in the Union. These articles have been printed side by side with those of cities the size of New York, Boston, Chicago, Minneapolis, San Francisco and Los Angeles. In fact, your chamber has not lost any opportunity to tell the outside world as to its opportunities and progressiveness, and often times has been able

### PRESIDENT'S STATEMENT

Emerson once cautioned us not to look too closely at our accomplishments lest we fail to see what we have done. By way of illustration he cited the course of the sailing boat. To the one on the boat, who feels a responsibility for the course of the vessel there seems to be but a series of zig zags resulting from the tacking to catch the favorable wind, but to the one who views the successful course as plotted on the map after the voyage has been made, there is just one straight line from port to port. Such is the light in which Chamber of Commerce members must view the work of their organization at the end of the year.

The following report of the activities of the Stevens Point Chamber of Commerce for the past year shows splendid work on the part of the organization. Perhaps many members have been looking so close to the details of every day work that they have

not realized what has been done. It is now time to take stock. It is now time to look back over the course of last year's cruise and perhaps for the first time realize what a consistently straight line of progress we have been making and how far we have gone. We have been taking the viewpoint of the ant in our earnest concentration upon the work in hand. It is now time to change to the viewpoint of the bird. What have we done? How far have we gone?

Last July the Board of Directors of the Stevens Point Chamber of Commerce adopted a program of work which had been formulated from suggestions made by the membership. This was a broad program, covering every important phase of the life of the community. The proposed activities were undertaken by the Board in good faith. The Directors did not pledge themselves to accomplish everything in the program the first year, but they did set about the work in good faith, and every member will

to obtain newspaper space which money could not buy.

Right here I would like to make a suggestion, and that is, that during

the coming year an appropriation ought to be made to defray the cost of preparing an attractive booklet dealing with Stevens Point as an industrial, social and recreational center.

When I think of our wonderful water power, labor supply, and beautiful trout streams with their virtues unextolled, it is a crime we are responsible for.

Throughout the length and breadth of America, manufacturers are looking for a location similar to ours; again,

where will you find a better sportsman's paradise than in Portage County amongst our forty odd lakes and streams? Photographs of this wonderful scenery could be made and put up in attractive book form which would assure our county being recognized from coast to coast.

Over sixty-one hundred letters have been mailed during the past year from the Chamber's office. Letters received will run into the thousands, dealing with a multiplicity of questions; all of which have received a personal acknowledgement.

An attractive transfer was prepared by the Chamber last year for use on

automobile windshields. This was gotten up in a very neat form with the hope that it would supplant the pennant or streamer usually carried on cars, and by affixing this transfer to the windshield or rear glass would advertise Stevens Point most effectively.

I also want to comment upon the membership transfers. These were distributed to the members to be prominently displayed on the window or door of their establishment, but I find in many instances same are not being used. The purpose of this membership transfer is two-fold: firstly it proclaims to the community that the owner is one of the city's live wires; and secondly, is a means of self protection against unscrupulous solicitors because it has been proven that fake salesmen fight shy of canvassing Chamber of Commerce members, for the reason that they are in constant fear that their nefarious ways will be exposed.

#### NOTES

One of the greatest issues which your Chamber had to deal with during its first year, was devising some means of relieving hotel conditions. The fact that Stevens Point needed a new hotel

was conceded by all, but how best to secure one was the conundrum.

It appeared that this matter had been discussed from time to time covering a period of three or four years,

but no tangible solution found, and

as this issue was on the Chamber's

program of work it was up to your

secretary to solve the problem. The

first thing to be done was to make a

careful survey of the situation to verify the popular belief that more rooms were needed. This was done and it was found that Stevens Point had approximately one hundred and fifty less hotel rooms today than were available a few years ago, whilst the population during that period had increased nearly one third.

The realization that a new hotel was

needed was one thing; the construction of a building to fill the want, another. But here again your Chamber

had the resourcefulness, energy and

confidence to meet the demand, and

through its activities and initiation a

modern 120 room hotel will be

erected on the Jacobs' site before another year has passed.

Without dwelling too much on this

subject, but dealing with the main

factors only, the Stevens Point Hotel

Co. now has over six hundred and

was conceded by all, but how best to

secure one was the conundrum.

# Every Member of the Chamber is a Shareholder in the Bank of Progress

established and of proven worth, than installed, petitions have been procured, signed by the requisite number of property owners in the area designated, and the Common Council memorialized to order such work done at the earliest convenience.

However, through the Chamber's efforts two new businesses were located in Stevens Point during the past year, representing an additional payroll of approximately 100 hands, namely, the Mi Loi Cigar Co. and the Mory Ice Cream Co. Neither of these concerns asked for monetary inducement, merely the moral support and co-operation of the Chamber, which was gladly given, realizing that their field for expansion was unlimited.

#### SOLICITATIONS

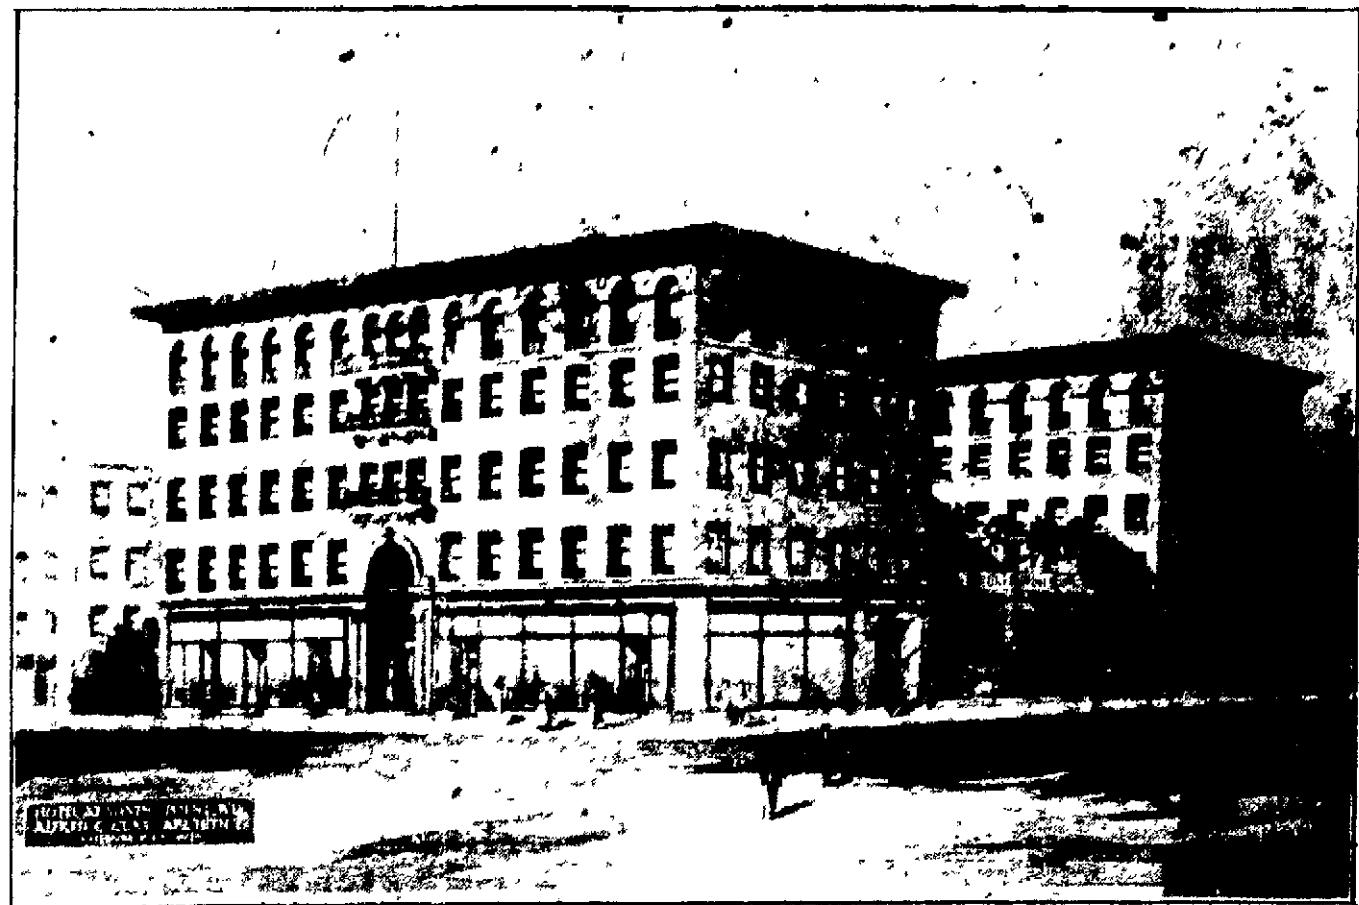

Much could be said for this branch of the Chamber's activities. Early in the year your secretary devised a means of curbing the efforts of unscrupulous solicitors by the preparation of a rubber stamp bearing the words: "Not valid unless O. K'd by Secretary, Chamber of Commerce;" one of which was furnished to every business in the city, and the management requested to affix this stamp on any check given a canvasser for any cause whatsoever, and the banks notified not to honor such check without the proper endorsement. It was hoped by this means to relieve our members of the embarrassing position of having to refuse a particularly persuasive solicitor, and, at the same time, put the onus upon the Chamber. The general use of this stamp would be

installed, petitions have been procured, signed by the requisite number of property owners in the area designated, and the Common Council memorialized to order such work done at the earliest convenience.

When undertaking improvements of any nature certain obstacles are encountered and the white way was no exception. The question of having the telephone poles removed from the lighted district was met with but your secretary immediately took the matter up with the general manager of the telephone company both in person and by correspondence, and received the assurance of the company's co-operation. In fact, during the writing of this report, Mr. P. J. Skoksi, district manager of the Wisconsin Telephone Co., visited the Chamber offices and stated that on April 20th last the plans and estimates for this improvement had been approved by the company, all materials ordered, and on or before August 1st the last of the poles would be removed, and the installation of the ornamental light standards could be proceeded with.

Your secretary has lost no opportunity of keeping this before the common council as a live issue and has done everything humanly possible to foster the movement. The outcome now rests with the aldermen and upon them devolves the responsibility of determining whether or not a white way

will be installed during the present

YOUR NEW HOTEL

with competent engineers in order to ascertain the cost of verifying the committee's belief. After considerable correspondence and the consideration of applications from seventeen engineers, W. G. Kirchoffer of Madison was engaged to conduct these investigations. The Council appropriated a sum of money for experimental purposes, and early in November work on the first test well was begun.

The engineer has since submitted his report which proves conclusively that there is available for Stevens Point a source of spring water which is both pure and wholesome and can be developed in sufficient quantities for a city many times the size of ours.

The result of this investigation has been to confirm the opinion expressed by many that good water is available, and the Chamber's next problem will be to devise some means of commercializing the new source of supply in preference to the old. This is a big task and one which will have to be approached from many angles, but we are able to cope with the situation.

#### ROADS

A review of the questionnaires returned last year showed an overwhelming percentage setting forth that one of the first things the Chamber of Commerce ought to undertake was the construction of good roads leading to the city. This indicated and was interpreted as a demand that considerable time would have to be spent on this phase of the Chamber's activities; but how best to go about it was another situation. The Chamber itself could not construct these roads, and had to tackle the problem from a variety of viewpoints. It is gratifying to report that through your Chamber's efforts much has been accomplished toward hastening this work.

Prominent outside speakers were brought in to deal with the question. Newspaper articles were published; your County Board appealed to and at this date we are pleased to report that approximately eight miles of concrete roads will be laid this year of which nearly two miles is already completed.

We wish to take this opportunity of expressing to our County Board of Supervisors our appreciation of the stand they took in this matter and their aggressiveness in pushing the work to completion.

While dealing with the road question

this report would not be complete without complimenting Mayor J. N. Welshy and City Solicitor W. E. Atwell on their endeavors to hasten the resurfacing of the city's macadam streets. Neither of these gentlemen have considered personal inconvenience in this matter, but have placed the city's interests uppermost, and early in November work on the first test well was begun.

It is anticipated that this camp site will demonstrate its usefulness to the community as a whole, and it is hoped that each year will see added improvements to make it more attractive.

Whilst the camp has not been established thirty days, tourists from nearly every state in the Union are making use of same, and will thereby think more kindly of Stevens Point and will leave the city converted boosters. Under this heading might be mentioned the tourist automobile tag acquainting tourists with the city ordinance governing parking regulations. Five thousand of these tags were ordered and will be distributed by the boy scouts throughout the season. A postal card will also be handed visitors to be mailed home by them to their friends reading as follows:

"Dear Folks:  
"Stevens Point is some city; they say 12,000 people, but looks more like 25,000 to me. More building activity here than any city I have visited.

"It sure is a fine place, fine people and everybody's mighty accommodating—even wrote this postcard for me and all I had to do was to

"Sign here, . . . . ."

Attractive signs, appropriately worded, were placed at the city limits on each of the five approaches leading into Stevens Point. Whilst the benefits derived through this form of advertising cannot be estimated, it is judged that every person driving into the city is apt to enter with a better disposition and leave with a more kindly remembrance enabling them to forget and forgive our shortcomings.

#### BOY SCOUTS

Last November the Chamber decided to foster the organization of a Boy Scout club in Stevens Point, and arranged for W. E. Wylie of New York City, National Field Secretary of the Boy Scouts, to address the members' forum. The result of this meeting was the appointment by President Dungenan of the following committee: H. C. Snyder, Chairman; J. J. Norming.

While dealing with the road question

formation and advice relative to income tax problems. Different important speakers addressed the members' forum on this subject, and expert counsel was in attendance at the Chamber's office several days answering inquiries and assisting the members in having their tax reports properly filled out.

Your Board of Directors endorsed the Wisconsin Deep Waterways project, and this matter is being closely followed up.

Another very important piece of legislation, which has received the attention of the Chamber, is that of petitioning the City Council to pass an ordinance governing the systematic collection and disposal of garbage; and at the last meeting of the Common Council the city solicitor was instructed to prepare such an ordinance.

The management has also been very active in insisting upon the enforcement of the city ordinance providing for the payment of a license by all transient merchants. This was furthered in fairness to our local merchants who are very heavy tax payers.

The Chamber also requested Congressman Edward E. Browne to support the American Legion program for the alleviation of suffering of disabled survivors of the late World War, and received the assurance of the Congressman's hearty support and assistance in aiding the passage of any bills in this connection.

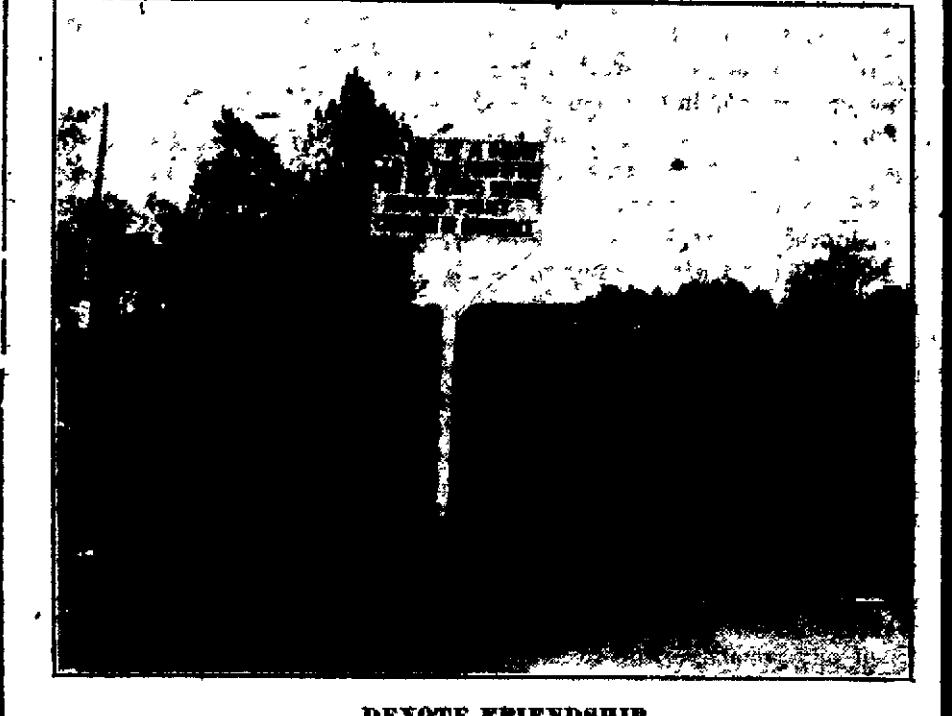

ber of Commerce has to take care of in the course of a year. In addition to those above mentioned it might be well to direct attention to our efforts along various other lines; for instance, scores of people have been placed in employment. The requirements of the farmers have been especially catered to, and our records will show that during this spring many men have been placed in employment on farms.

A list of rooms for rent has been kept on file in the Chamber's office which fact has been appreciated by the new-comer and normal student. The milk situation has been looked into and through the efforts of the Chamber a model farmer's dairy store established.

The Chamber has also received the assurance from the railway officials that improved service on Soo sleepers would be given; also that better express service will be furnished by the American Railway Express Co.

The Chamber took up with the Common Council the question of placing warning signs for autoists notifying them of the close proximity of school, but so far the Council has not seen its way clear to take definite action.

We also endorsed and collected valuable data relative to the establishment of a Comfort Station and Red Room, and are grateful to say that this matter has been satisfactorily disposed of.

DENOTE FRIENDSHIP

WATER LOCATED—ENOUGH TO SPARE

Parks and playgrounds have not been neglected, and whilst nothing definite in this regard has been accomplished to date several articles written by your secretary dealing with the subject have appeared in the local press, and it is hoped that before long Stevens Point will prove that it is not to be a back number in this important activity.

Your Board of Directors endorsed the Wisconsin Deep Waterways project, and this matter is being closely followed up.

Another very important piece of legislation, which has received the attention of the Chamber, is that of petitioning the City Council to pass an ordinance governing the systematic collection and disposal of garbage; and at the last meeting of the Common Council the city solicitor was instructed to prepare such an ordinance.

# He Who Cannot See His Way Into the Chamber Is Always in the Dark

## Why "I" Joined The Chamber of Commerce!

"I joined the Chamber of Commerce because I appreciated the need of such an organization in every city the size of Stevens Point, and feel that through an organization of this kind, which takes the initiative in furthering civic and other matters pertaining to the welfare of Stevens Point and its citizens, one could be of greater service than in any individual manner."

Every citizen in Stevens Point who is not a member of the Chamber of Commerce should read that statement and ponder it. Membership in the Chamber of Commerce of Stevens Point is at the same time a privilege and duty—privilege to be associated with the men and women of the community who are striving to improve and build their city, and a duty because it's your job as well as their's.

There are men who look upon membership in the Chamber of Commerce as being as necessary to their business as their advertising or anything else. There are others who seem to think such a membership is more of a donation than anything else. These are the men who need to live in a town without such an organization for a few months to realize the helplessness of trying to handle community problems without organization.

Stevens Point, united for the growth and prosperity of Stevens Point, will be an irresistible force for accomplishing great things. Are you with us? We need more than your money. We need fearless men and women who will stand for the right kind of democratic organization and who will put their shoulders to the "Stevens Point Chamber of Commerce Wheel of Progress," and help to keep it turning with plenty of motion in the right direction.

If  
You Can't  
Build  
Don't  
Stand  
Around

## What Is The Chamber of Commerce?

Stevens Point Chamber of Commerce is a public institution supported by men of enthusiastic zeal for public service. If for any reason you are not among those people of unselfish ideals, it is your duty to see that you become one of the members of the Chamber of Commerce. You may have the interests of Stevens Point at heart but your efforts to serve the community will have more force coupled with those of your fellow citizens through the Chamber of Commerce.

The Stevens Point Chamber of Commerce is the clearing house of information for Stevens Point; it is the sales agency for Stevens Point; it is the advertising department for Stevens Point; it is the business promotion department; and to the Chamber of Commerce come inquiries from every state in the Union.

As the Chamber of Commerce continues to broaden its scope of activities, and as its record of accomplishment becomes longer and stronger this mass of business and this flood of inquiries becomes heavier and heavier.

The Stevens Point Chamber of Com-

merce functions entirely through its membership—that is one point that every member should realize. The Chamber of Commerce is not in any way a magical organization. It has no mystic method by which it can better all the ills or evils of the community, and no system by which it can settle all the troubles of the individual members. The Chamber of Commerce is a community organization, but at the same time a business organization, operating along strictly business lines. It can only obtain results as the individual members help in the work.

Many improvements are needed in Stevens Point. There is opportunity for great expansion along industrial, commercial and agricultural lines, but there is only one way in which these things can be accomplished, and that is for every member to realize his individual responsibility and back up the organization with his mental, moral and financial support. Without this support, the organization cannot attain the desired achievements for Stevens Point.

# STEVENS POINT BOOSTER CELEBRATION

## Is an Event With BARGAINS

As the Great Attraction. It is this Bargain Program that makes the Stevens Point Booster Celebration one of the important parts of this week for national prosperity

Program for Friday, the 13th  
and Saturday, the 14th

### GIGANTIC PARADE

Including Many Novelty Features.

### FUNERAL OF OLD MAN KNOCKER

BARRELS OF FUN.

### MAGNIFICENT STREET DANCE

Weber's Band.

See

### OLD MAN KNOCKER

in Boston's Window.

### HIS MISERABLE FINISH

HIS FUNERAL.

A sight to remember.

### HIS CREMATION.

This is a thriller.

### THE BEST THING YET.

See

### THE BOOSTER BABY

in Roesenow's Window.

### THE BRINGER OF BUSINESS.

### THE BUILDER OF CITIES.

He's Here To Stay.

### SPECIAL THEATRE MATINEES

Majestic and New Lyric.

### DAYLIGHT FIREWORKS

### REFRESHMENT STAND

Ladies of Loyal Order of Moose.

Merry-go-round for the Children.

### LUTZ'S ORCHESTRA.

### EVENING DANCE IN

ODD FELLOWS HALL.

WHILE other cities have slowed down and grumble about hard times, Stevens Point has gone ahead. It is a better town today than it ever was. It is a better town now than it was a year ago or two years ago. It never depended on war profits for prosperity.

Stevens Point people are awake. Portage County farmers are alive. Together they make a combination which can't be beaten. They are going to celebrate together Friday and Saturday.

Merchants of Stevens Point have special bargains to offer on these two big booster days. Take advantage of their special bargains.

Read what is offered on the following pages

# SEVEN PER CENT —AND— SAFETY

In a long established and successful home industry is far better than promises of big returns in far away industries and those which have not yet started or are in an experimental stage.

Money invested in preferred stock of the Wisconsin Valley Electric Co. is protected by the entire property of the Company and by State Commissioners.

Whether you can invest now or later we want to explain our investment and future plans to you.

## STAND BY YOUR TOWN

"If you think your town is the best,  
Tell 'em so.  
If you'd have her lead the rest,  
Help her grow.  
When there's anything to do,  
Let the fellows count on you,  
You'll feel bully when it's through;  
Don't you know?"

"If you want to make a hit,  
Get a name.  
If the other fellow's it  
Who's to blame?  
Spend your money in your town;  
Thusly keep your prices down,  
Give the mail concerns a frown—  
That's the game!"

"If you're used to giving knocks,  
Change your style;  
Throw bouquets instead of rocks  
For a while;  
Let the other fellow roast,  
Shun him as you would a ghost,  
Meet his hammer with a boast  
And a smile."

"When a stranger from afar  
Comes along,  
Tell him who and what you are—  
Make it strong;  
Needn't flatter, never bluff,  
Tell the truth for that's enough;  
Join the booster—that's the stuff,  
We belong."

# Two Great Booster Bargain Days

## COATS and WRAPS

New models in Spring and Summer COATS, WRAPS, CAPES, made of the new materials, also Navy Blue Menswear Serges, sizes up to 48, these we divided in two groups and reduced for the Booster Days only at

**\$10 and \$15**

## High Grade WRAPS and SUITS

in the leading materials and colors, in beaded, embroidered and plain tailored models. Each one of these garments a wonder value at its regular price, however, we now have reduced these COATS and SUITS to less than one half of their regular prices. Be sure to look them over.

### OVERBLOUSES and Silk Sweaters

These are Winners! Over 500 Over-Blouses 25 different styles in all the colors of the rainbow. They are simply beautiful! None of them worth less than \$7.50 and all of them will be sold during Booster Days at

**\$4.95**

## DRESSES

THE MOST WONDERFUL EVENT of this celebration is our Dresses! Think of it, CANTON CREPE in beautifully embroidered, beaded, and fringed models; MINIONETTE DRESSES in sport models and in all the leading combinations and colors, also many Taffeta Dresses; combinations of silks with Tricotine, Black Taffeta with Imported Swiss Organdy, and many other Silk, Dotted Swiss and Organdy Dresses in two special lots for Booster Days only at

**\$15.00 and \$18.75**

**Model Garment Shop**  
EXCLUSIVE LADIES APPAREL  
"For Women Who Care"  
416 Main Street

Stevens Point, Wis.

## SUITS

of high standard quality, workmanship and best materials such as All Silk Lined Tricotine, Checked Velour, Menswear Serge and All Wool Jersey, none of which was made to sell for less than \$25, and up to \$35. Now grouped in two lots for Booster Bargain Days at

**\$15 and \$19.75**

## MILLINERY

Our Millinery Department is complete in every detail. Our assortments are large and contain the most leading styles at extremely low prices. For this special occasion we marked down more than 500 hats at half and less than one-half of its original pricing. Some hats originally sold up to \$12 are now reduced to

**\$2.95**

### OVERBLOUSES of Silk Minionette

These are \$5 to \$6 Over-Blouses, made of the new Silk Minionette and Tricotette in many styles and 10 different colors but we have only 200 of them so we are compelled to limit the quantity of no more than 2 Over-blouses to a customer. Remember the price is only for the Booster Days

**\$2.95**

## Happy Homes Make Boosters

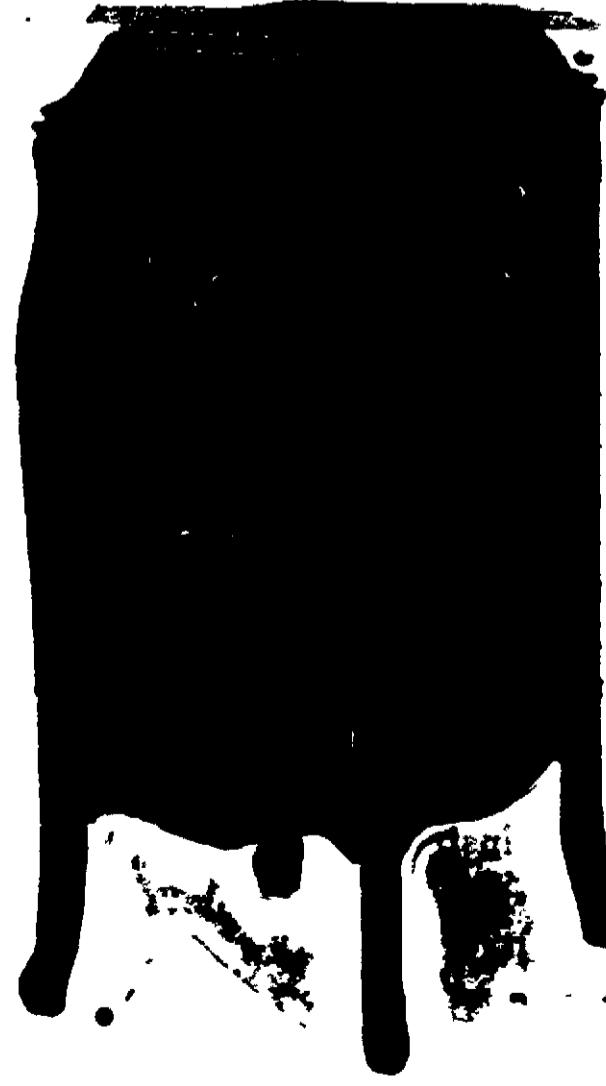

**The Victrola Makes Happy Homes**

"Is there a heart that music cannot melt?  
Alas! How is that rugged heart forlorn."  
—Beattie

How true to life are those lines of Beattie. Young or old, happy or weary, you can always enjoy the mental soothing qualities that come with strains of music from the Victrola—the choice of the world's greatest artists.

If Old Man Knocker himself had had a VICTROLA and a collection of VICTOR records he wouldn't now be on the brink of the grave.

You can brighten YOUR HOME with a VICTROLA—but demand the genuine, look for the VICTOR dog under the lid.

**Should Men Be More Careless  
in Dress than Women Are?**

Stores for women can hardly rush the seasons. Women eagerly watch for the new colors, the new fabrics.

Men often have to be urged by both store and family to get a new suit, a new hat.

Should you be more careless in dress than the women folks are?

It's high time for a new spring suit, hat and gloves.

Wonderful selections and values in Society Brand Clothes.

**\$35 to \$55**

New two and three piece Summer Suits, \$30 values,  
Booster Week Special

**\$20.00**

# COOK

## STUDIO Snap Shot Shop & ART STORE

*This is the way we figure out real tire economy.*

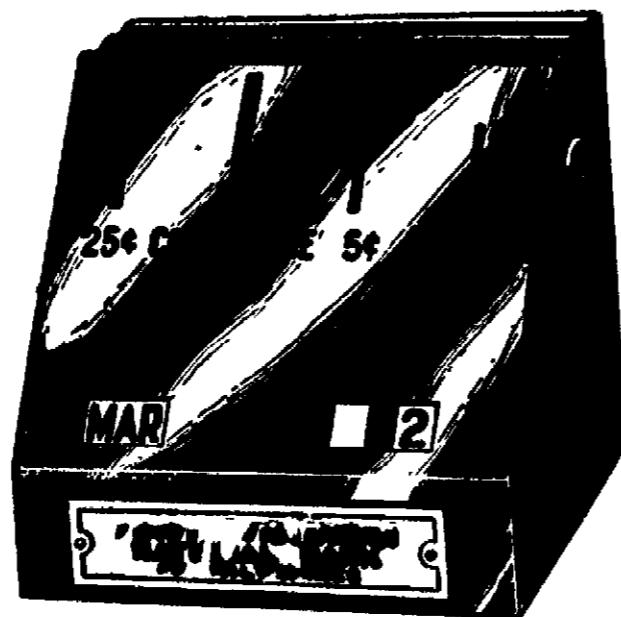

You can buy cheaper tires than the kind we stock—but they will cost you More per Mile.

We could make more profit on such tires—but we would lose your patronage and confidence.

We are in business to stay and are looking forward to selling you dependable goods for years to come. So it is easy to see why we recommend Portage, United States and Goodrich Tires. Let us quote our new low prices.

**BOGACZYK BROS.**  
Public Square

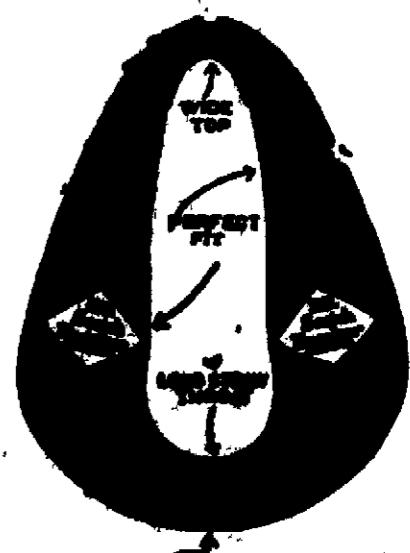

### Are YOU Up-to-Date

This is the latest, most up-to-date method of saving—you can't help but be up-to-date if you save with our new calendar banks.

**WISCONSIN STATE BANK**  
Stevens Point, Wis.

#### A TREATISE ON HORSE COLLARS

Both men and horses wear collars. The difference is not only in size and in character, but a man can select a fit—a horse can't. Therefore the necessity for good judgment in buying the equine kind.

A cheap, badly stuffed collar of inferior leather will not only harm a horse's skin, but break in important parts before it has been in use, maybe, a couple of months.

Our collars never failed to give comfort to the horse, and double the money's worth to the farmer. We are always particular about the fit—that's why we have in stock so many sizes. Bring around your horses, large or small, and let us take care of their collar and harness needs. Prices \$2.50, \$3.25, \$5.90, \$8.75, \$7.50 and \$9.50

PETERSON BROS., Proprietors.

# A Live Paper in a Live Town—

That is what the Journal aims to be, and how well it is fulfilling that mission it leaves to any reader.

The Journal is trying to do its part in keeping Stevens Point on the map. It stands for forward-looking measures, for public improvements, for the things which make a city worth living in. A newspaper more than anything else advertises its home town for good or bad abroad. In the work of town-making, publicity is an essential. The Journal has led in that work, and it is due to its persisting boosting that Stevens Point is known up and down the state as the best city of its size in Wisconsin.

The Journal is trying to keep up with the progress of the town. It has built its plant in two years. It has installed a wire news report. It is planning further extension of its facilities within the next year.

To represent all the people of Stevens Point and Portage county, not one class, but all of them is the Journal purpose. It wants to be the best paper in the best town of its size in this state.

The welcome sign is always out at the Journal office. On the occasion of this booster celebration, farmers of Portage county are given a special invitation to visit the plant and see how a modern newspaper is made.

Select Your Kitchen Cabinet by Comparison

So sure are we that the Sellers Kitchen cabinet is the last word in convenience and time saving advantages, that we invite you to compare it with any other make.

**SELLERS Kitchen Cabinets**  
"The Best Servant in your House"

are without a doubt the final achievement in organizing the duties of the kitchen. We ask you to compare it, feature for feature, with any other cabinet. Such a comparison will show you, clearly, why the nationally-advertised Sellers Kitchen Cabinet is the deliberate preference of thinking women all over the United States.

Notice the Automatic Lowering Flour Bin. This feature alone is the greatest improvement ever developed for the kitchen cabinet. In addition to this there are 14 other star features found in no other cabinet. These improvements cost the makers an extra \$100,000 to maintain.

This cabinet puts 300 to 400 articles within your arm's reach and enables you to do 75 per cent of your kitchen work at the large, white porcelain table. You will marvel at its convenient arrangement.

Why work the old-fashioned way in an age when everything else is done by modern, labor-saving methods?? Why should your time be monopolized, your health and energy sapped in the kitchen, when such a time and labor saver is now so easily available?

Decide now to enjoy a good kitchen cabinet. Come to our store and see the wonderful Sellers.
